PREFACE

This Manual is published annually by the City of Winnipeg, and aims to present such data and information concerning the history of the City, its progress, form of government, departments and general activities as will be of interest to the citizens of this City and others. The time spent in perusing the pages of this manual will, it is hoped, prove both interesting and instructive to all those who desire a better knowledge of civic affairs.

The co-operation rendered by the several civic departments, and the material supplied from other sources for insertion in this manual, is appreciated and gratefully acknowledged.

Robert B. Hayes,
City Clerk.

CITY OF WINNIPEG

UNUM CUM VIRTUTE MULTORUM

The motto of the crest "UNUM CUM VIRTUTE MULTORUM" is the Latin translation for "One with the strength of many". Two thoughts lie behind this motto. Firstly, Winnipeg is perhaps uniquely one city formed of people of all races; and secondly, it is one city formed from many cities.

The significance of the emblazonry upon the crest may be described as follows:

The Fort Garry Gate at the top represents Winnipeg's early history as a Hudson's Bay fur trading centre.

Beneath the gate, thirteen gold stars on a blue field symbolize the thirteen former municipal governments which were unified to create the new city. The blue background depicts Winnipeg's clear blue skies.

Below the sky, a prairie crocus upon a plain green field represents Winnipeg's location as a prairie city.

WINNIPEG, MANITOBA

... where the New West begins.

Symbology of the Winnipeg Business Development Corporation Logo

The Winnipeg Business Development Corporation motto, "Winnipeg ... where the New West begins" embodies a positive statement about the City reflecting the economic and personal opportunities which exist in Winnipeg today.

The New West is, of course, in contrast to the Old West. It is a place where the pioneering spirit lives on as in the old days, but without the attending hardships. The New West begins geographically in Winnipeg and the word "begins" can also suggest a beginning in time, directing attention to the future in which the New West has an increasingly important role.

The graphic symbol or logo is a stylized letter "W" standing for both Winnipeg and the West. The arms of the "W" become a series of arrows whose direction indicates movement West and at the same time that upward movement, or success that is synonymous with the New West.

The colours used are suggestive of the West, and wide open spaces – blue for the sky, green for growth and yellow for the richness of the harvest.

CITY OF WINNIPEG

The City of Winnipeg is the capital of the Province of Manitoba, Canada.

The name WINNIPEG has its origin in the Indian Cree name given to the lake 64 km north, meaning "Win", muddy, "nipee", water.

Winnipeg is situated in Latitude 49 degrees 54 minutes North, Longitude 97 degrees 8 minutes West, at the confluence of the Red and Assiniboine Rivers; 64 km south of Lake Winnipeg and 97 km north of the boundary line between Canada and the United States of America, almost midway between the Atlantic and Pacific Oceans and at an altitude of 232 m above the seaboard level of New York.

From a Hudson's Bay Company trading post (Fort Garry) Winnipeg has grown from a population of 215 in 1870 to the size and finish of a first-class city of approximately 619,900 people. When the City was incorporated in 1873 there were 1,869 inhabitants. In 1878 steam railway connection from St. Paul, Minn., had reached a point just across the river from Winnipeg; and on July 1st, 1886, the first through railway train, which left Montreal on June 28th, 1886, arrived in Winnipeg. With the advent of railway connections a steady stream of travel and trade with influx of population was started and has resulted in the building up of a City of a standing and importance that is exceeded by few cities in the Dominion of Canada.

Winnipeg has become the greatest grain centre on the American Continent, and the financial, commercial, wholesale and manufacturing centre of the middle west; owing to its geographical position, its very complete railway facilities, with branches reaching out in every direction, it affords great possibilities for trade in the province and the North-west and an inducement for the establishment of manufacturing and other industries. In addition to the many other advantages, electric power rates are among the lowest on the North American Continent. The soft water supply is adequate for the needs of a city of one million inhabitants.

Winnipeg has a continental type climate, with great temperature variation through the year. January is the coldest month, with the lowest temperatures being reached about January 22nd. July is the warmest month, with temperatures reaching a maximum on the 25th. The average frost free period (0 degrees Celsius) is 116 days. The average date of last frost in Spring is May 24th and of the first frost in Fall is September 18th. The average period during which Winnipeg is free from killing frost (minus one degree Celsius) is 131 days. The average date of the first killing frost in the Fall is September 26th. The average date of the break-up of the Red River is April 9th and average date of freeze-up, November 17th. July has the most sunshine, and December, the least. The average winter's snowfall is about 1.3 m. Precipitation during the early part of the growing season, and again in the Fall, is generally in the form of a steady rain, sometimes lasting a day or two. During June, July and August rain of a showery nature occurs, with thunderstorm activity at a maximum in July. Hail is very infrequent.

The all-time recorded high temperature is 42 degrees Celsius on July 11th, 1936. The all-time recorded low temperature was -46.2 degrees Celsius on December 29th, 1879. The greatest total snowfall for any one winter was 2.54 m recorded in 1955-1956; the least was .377 m of snow recorded in 1928-1929.

HISTORICAL

1670 May 2nd – Charter granted by King Charles II to "The Governor and Company of Adventurers of England trading into Hudson's Bay" (Hudson's Bay Company). This charter deeded to the Hudson's Bay Company "all that territory draining into the rivers flowing into Hudson's Bay". Thus the greater portion of the Dominion of Canada came into possession of the Hudson's Bay Company and so remained until 1869, when the company relinquished its territorial rights to the Dominion of Canada.

1738 Fur trading post of Fort Rouge established.

1812 Lord Selkirk's Colonists reached the banks of the Red River where Winnipeg now stands.

1816 Governor Semple killed at Seven Oaks.

1820 St. John's College founded, oldest seat of learning in Western Canada.

1822 Fort Garry (formerly Fort Gibralter) erected.

1835 Fort Garry rebuilt.

1835 First Government for the Red River settlement organized.

1855 February 28th – First post office in Western Canada opened. William Ross appointed postmaster.

1859 First steamboat navigating the upper Red River reached Fort Garry.

Historical—Continued

1869 Transfer of land by Hudson's Bay Company to the Dominion of Canada.

1869 Uprising of Métis population under leadership of Louis Riel.

1870 Thomas Scott, opponent of Louis Riel, shot March 4th by order of Riel.

1870 Military expedition from Eastern Canada led by Colonel Garnet Wolseley reached Fort Garry. Louis Riel fled to the United States and uprising was terminated.

1870 Province of Manitoba formed and became the fifth province in the Dominion of Canada.

1873 November 8th – Winnipeg incorporated; four wards with three aldermen for each ward.

1873 City Limits – Bounded on north by Burrows Avenue west of Main Street, and Aberdeen Avenue east of Main Street; on south by Assiniboine River; on east by Red River; and on the west by Maryland Street, Notre Dame Avenue and McPhillips Street.

1874 January 19th – 12 o'clock noon. First meeting of City of Winnipeg's Council held on the second floor of Bentley's new building at north-west corner of Portage Avenue and Main Street.

1874 September 16th – First Civic Holiday observed.

1875 City Limits extended to Aberdeen Avenue between Main Street and McPhillips Street.

1876 First City Hall and Theatre erected.

1876 October 12th – First shipment of wheat exported from the Province of Manitoba (857 1/6 bushels at 85 cents per bushel). Exported by Higgins & Young, Winnipeg; consigned to Steele Bros., Toronto.

1877 University of Manitoba founded.

1877 Arrival in Winnipeg of C.P.R. Engine No. 1, Countess of Dufferin.

1878 First railway service to Winnipeg from St. Paul, Minnesota.

1878 First telephone brought to Winnipeg by Mr. H. McDougall.

1880 R.M. of St. Boniface annexed part of St. Vital.

1880 R.M. of Assiniboia incorporated.

1882 Ward One, being the district known as Fort Rouge, taken into the City. Wards increased to six in number.

1882 City limits extended north to Kitchener Avenue and lane north of Luxton Avenue; south of Wilkes Avenue, Waverley Street, lane south of Parker Avenue to Red River and west to Keewatin Street, St. James Street and west boundary of Parish of St. Boniface (86 ft. west of Kenaston Boulevard).

1882 First water supply in Winnipeg from Assiniboine River.

1882 First street railway system inaugurated (horse drawn cars).

1883 Town of St. Boniface incorporated out of R.M. of St. Boniface.

1884 Council reduced to two aldermen for each ward.

1884 July 19th – Corner stone of second City Hall laid by Mayor Alexander Logan.

1884 December 8th – Inauguration of ballot system of voting at Municipal Elections in Winnipeg.

1886 July 1st – First railway train over the Canadian Pacific Railway from Montreal to Vancouver.

Historical—Continued

1886 Second City Hall completed.

1892 First electric street cars inaugurated.

1893 R.M. of Rosser organized.

1897 Fort Garry Gateway presented to City by Hudson's Bay Company.

1899 City of Winnipeg purchased Water Works Company and from 1900-1911 supplied water from wells.

1902 Brookside Cemetery included in City Limits.

1903 R.M. of St. Boniface changed to R.M. of St. Vital.

1905 Assiniboine Park included in City Limits.

1906 Part Municipality of Kildonan (Elmwood), taken into the City and wards increased to seven in number, Elmwood being designated Ward Seven.

1906 Lots 3 and 4, Parish of Kildonan, lying east of McGregor Street, taken into the City.

1907 Lot 3, Parish of Kildonan, lying west of McGregor Street, taken into the City.

1908 Redwood Bridge built.

1908 High Pressure Pumping Station and piping system constructed.

1911 Town of Tuxedo incorporated.

1911 Provincial Government purchased 543 acres of land for an agricultural college which was to become University of Manitoba.

1911 Municipal Hydro-Electric Works at Pointe du Bois completed and in operation.

1912 Selkirk Centennial.

1912 April 16th – R.M. of Fort Garry incorporated. Formerly part of R.M. of St. Vital.

1912 Elm Park Bridge built.

1912 Town of Transcona incorporated.

Historical—Continued

1912 Boundaries of the Province extended to the shores of Hudson Bay.

1913 Lots 1 and 2, St. Charles, added to City and made part of Ward One.

1913 R.M. of Charleswood incorporated.

1913 City Limits extended west to Doncaster Street.

1914 R.M. of Kildonan split into the R.M. of West Kildonan and the R.M. of East Kildonan.

1914 Portion of St. Vital annexed to City of St. Boniface.

1915 R.M. of St. Paul split into R.M. of East St. Paul and R.M. of West St. Paul.

1918 Kildonan Park and Golf Course included in City Limits.

1919 April 5th – Greater Winnipeg Aqueduct completed and soft water from Shoal Lake turned into Winnipeg water mains.

1919 The Winnipeg General Strike – May 15 to June 26. The Strike was a major impetus towards recognition of unions and collective bargaining in Canada.

1920 March 27th – Legislation passed to reduce the number of Wards of the City from seven to three, and increase the number of Aldermen from fourteen to eighteen.

1920 December 3rd – First Civic Election held under the Proportional Representation system.

1921 R.M. of St. James incorporated.

1921 Rural portion of West Kildonan separated from R.M. of Old Kildonan.

1921 Village of Brooklands incorporated.

1924 June 18th – Celebration of 50th Anniversary of Incorporation of City of Winnipeg.

Historical—Continued

1925 Farming community of East Kildonan separated and was incorporated as the R.M. of North Kildonan.

1930 June 15th – Celebration of the Diamond Jubilee of Manitoba's formation as a Province and inclusion in Dominion of Canada.

1931 September 1st – Municipal Hydro-Electric Generating Station at Slave Falls officially opened.

1933 Nov. 8th – Sixtieth Anniversary of Incorporation of City of Winnipeg.

1935 August 27th – Work commenced on Greater Winnipeg Sewage Disposal Project.

1937 Oct. 9th – Sixtieth Anniversary of the arrival in Winnipeg of C.P.R. Engine No. 1 – "Countess of Dufferin".

1937 North Winnipeg Sewage Treatment Plant completed.

(b) Declared elected on recount, Jan. 8th, 1917
(c) Died June 9th, 1922
(d) Elected June 20th, 1922
(e) Died May 10th, 1979
(f) Elected June 21st, 1979

MUSEUMS

Aquatic Hall of Fame and Museum of Canada – In 1967, Canada's Centennial year, The City of Winnipeg made a national application and was awarded the honour of sponsoring the Aquatic Hall of Fame and Museum of Canada Inc. The natatorium complex which covers an area of more than 13 acres is located on Poseidon Bay, Winnipeg, Manitoba, named after the Greek God of the Sea and the Protector of all waters. Winnipeg was host to the Pan Am Games in July, 1967 and the Pan Am Natatorium is the jewel remaining from a most happy and successful sporting venture. The 'pool' is one of the largest indoor bodies of water in the world. It measures 22.86 metres (75 feet) by 68.58 metres (225 feet). In this international complex a number of national and international events have been held at which many world swimming records and every Pan Am Games record has been broken. More world and Pan Am Games records have been broken in this pool than any other pool in the world. The ancient history of aquatics is particularly well depicted at this excellent institution. It has on display copies of many exquisite artifacts. Artifacts, memorabilia, oil paintings and poster displays valued in the millions of dollars have been donated by interested sponsors. The Aquatic Hall of Fame pays tribute to competitors in swimming, diving, water polo and synchronized swimming who have attained international renown or given distinguished service to these sports. The Aquatic Hall of Fame is also the owner of the celebrated Cutty Sark collection of ship models and a collection of Canadiana. Hours: 9:00 a.m. to 10:00 p.m. daily, with tours of various rooms on request. Admission free. Telephone 284-4035.

Manitoba Children's Museum – 109 Pacific Avenue, 2 blocks east of Main Street. A fun, hands-on museum for children 2 – 13 years of age offering permanent and travelling interactive exhibits; educational programs for school and community groups; weekend and holiday public programs and facilities for birthday parties. Open year round. Tuesdays to Saturdays – 9:30 a.m. to 5:00 p.m.; Sundays and holidays – 11:00 a.m. to 5:00 p.m.; open Mondays during July and August and all holiday Mondays throughout the year. Admission: $2.25 child/student/senior; $2.50 adult. 10% discount for groups of ten or more.
Information Line: 957-0005.

Crafts Guild of Manitoba Museum – Located at 183 Kennedy Street, offers a fascinating look at our craftsmanship heritage through quarterly theme exhibits featuring selected artifacts from the permanent collection. The Guild Museum is well known for its needlecrafts, costumes, textiles and Native Canadian and Inuit artifacts, as well as the antique "tools of the trade". Tours can be arranged by appointment. Telephone 943-1190. Open daily, Monday through Saturday, 10:00 a.m. – 4:30 p.m. Wheelchair access.

Ivan Franko Museum – 200 McGregor Street. The museum contains literary components dedicated to the life and work of the Ukrainian poet and writer, Ivan Franko, including paintings and facsimiles of the first editions of his work, such as the first Ukrainian translation of Shakespeare, Byron and other famous English, French and German writers. Contains embroideries, woodwork and other handicrafts. The Ukrainian Public Library beside the Museum has several hundred books in English, in addition to the Ukrainian volumes. Open Monday to Friday, 2:00 p.m. – 5:00 p.m. or by appointment. Admission free. Telephone 589-4397.

The Living Prairie Museum – 2795 Ness Avenue. One of Winnipeg's Nature Parks, the Living Prairie Museum is a 12 hectare outdoor museum representing one of the last remaining examples of Tall Grass Prairie in Manitoba. Many rare and beautiful wildflowers are protected here, including Manitoba's floral emblem — the Prairie Crocus. The reception centre on-site features new hands-on displays, slide programs and a small bookstore. Wildflower seeds are also available. A self guided trail is available throughout the preserve. An extensive education program is available – Spring, Fall and Winter weekdays. General Public Hours – Spring and Fall – 12:00 noon to 5:00 p.m. weekends; July and August – 10:00 a.m. to 6:00 p.m. daily. Please call for further information – 832-0167 weekdays.

"Dalnavert" – 61 Carlton Street, south of the Winnipeg Convention Centre and Broadway. The house, which has been recognized as a Provincial Historic Site, was built in 1895. It has been restored as a fine example of Late Victorian Domestic architecture and is furnished with period furnishings. The original owner of "Dalnavert"was Sir Hugh John Macdonald (son of Sir John A. Macdonald – Canada's first Prime Minister), Premier of Manitoba in 1900 and a Police Magistrate for the City of Winnipeg from 1911 until his death in 1929. Costumed guides tour visitors through the museum explaining about the original family, the memorabilia in each room and "Dalnavert's" restoration. The Museum and Gift Shop are open every day except Monday and Friday and all national holidays. June to September – 10:00 a.m. to 6:00 p.m.; September to May – 12:00 noon to 5:00 p.m., except in January and February when it is open Saturday and Sunday only. Last tour is one-half hour before closing. Group tours of seven or more can be arranged for other than normal operating times, however, two weeks advance notice is required so as to arrange for guides. Admission – Adults $3.00, Senior Citizens $2.00, Youths 13 to 17 $1.50, Children age 5 to 12 $1.00 – free, if under 6 and accompanied by a parent. Family Groups $7.00. For information telephone 943-2835.

Manitoba Museum of Man and Nature – 190 Rupert Avenue, Winnipeg, Manitoba, R3B 0N2 (Located in the Manitoba Centennial Centre; across from Winnipeg Civic Centre). One of the finest interpretive museums in Canada, the Museum of Man and Nature explores the relationship of Manitobans and their environment. Dioramas, reconstructions, specimens, graphics and audio-visual presentations in seven major galleries imaginatively interpret Manitoba's human and natural history:

Orientation Gallery – introduces and dramatically symbolizes the philosophical theme of the Museum: The interrelationship of people and nature.

Earth History Gallery – illustrates the Province's unique geological background. Visitors are projected back in time to the beginnings of the universe and the earth itself, then transported through the millenia of geological changes and the evolving life forms to recent times.

Grasslands Gallery – depicts the prehistoric and historic periods in the southern grasslands of Manitoba, including the story of the Native people, fur trade, Red River Settlement, mass immigration after 1870, and present-day agriculture and urban settlement.

Arctic-Subarctic Gallery – shows a world where snow is so important it is given fourteen names in the Inuit language. The menacing form of a polar bear about to make a meal of a ringed seal provides a dramatic introduction to the North.

Boreal Forest Gallery – depicts the Province's largest vegetative zone. A large walk-through diorama of a granite cliff with a small marsh and a family of browsing moose, forms the central core and attempts to capture the landscape of the boreal or northern coniferous forest of Manitoba. Other exhibits depict various aspects of the human and natural history of the north country, including settlements and industrial development.

The Nonsuch – is a superlative replica of the famous 17th century fur trading ship that sailed into Hudson Bay, marking the beginning of the fur-trade era in Western Canada.

Urban Gallery – reconstructs boom-town Winnipeg as it may have been on a fall evening in 1920. Stroll the boardwalks, take in a flick at the Proscenium Theatre, or hang out at the railway station and listen to the whistle of the distant train.

Temporary and travelling exhibits are displayed in Alloway Hall, a 3,000 sq. ft. exhibit hall. The Museum Gift Shop and Heritage Square Book Store reflect the broad interests of the Museum and specialize in Canadian merchandise.

Museum Hours:

Open year round: Summer (June 10 - Sept. 2/91) daily 10 a.m. - 8 p.m. Rest of year: Tues. - Fri. 10 a.m. - 5 p.m.; Saturday, Sunday and Holidays – 12-6 p.m.

Museum Gallery Admission:

Adult $3.50; Student $2.50; Senior/Child 12 and under $2.25; Child 3 and under free. Omni Adventure Pass includes Museum, Planetarium and Touch the Universe admission. Group rates and tours available (988-0626) Switchboard 956-2830; Information Line 943-3139; FAX 942-3679

The Ukrainian Cultural and Educational Centre (Oseredok) – located at 184 Alexander Avenue E., is a unique cultural and historical facility combining a museum, art gallery, library, archives, Education/Extension and Boutique. The museum features exhibits of Ukrainian traditional folk costumes, embroidery, woodcarving, ceramics, pysanky (Easter eggs) and historical artifacts from Ukraine and Canada. The art gallery has a large permanent collection of Ukrainian fine art and features changing exhibits by local and non-Winnipeg, Ukrainian, Canadian, American and European artists. The reference library specializes in Ukrainian studies and its related fields. The archives contain a large and valuable collection of documents, manuscripts, maps and photographs depicting the development of Ukrainian Society within Canada.

Oseredok's gift shop features Ukrainian folk crafts, books, prints and record albums.

Display area open Tuesday – Saturday 10:00 a.m. - 4:00 p.m. Sunday 2:00-5:00 p.m. Office hours Monday-Friday 9:00 a.m. - 5:00 p.m. For information call 942-0218.

La Musee de Saint-Boniface – 494 ave. Tache, P.O. Box 6, St. Boniface, R2H 3B4. The museum is housed in the oldest building in the City of Winnipeg (erected for the Grey Nuns in 1846). It is the largest oak log construction in North America and also the first institutional building in Western Canada. The displays depict life of the Métis and the "Canadien" on the prairies. The museum is open year round and offers special programs during the winter festival, guided tours for schools and organized groups. For further information tel. 237-4500.

Ross House Museum – The first post office in Western Canada; built in 1854 of Red River frame log construction. Displays and period furnished rooms depict the daily life of the Ross Family in the Red River Settlement. Located at 140 Meade Street N., between Euclid Avenue and Sutherland Avenue. Open mid-May to end of August. For further information, call the Manitoba Historical Society at 947-0559.

The Royal Winnipeg Rifles Museum Inc. – located at Room 208, Minto Armoury, 969 St. Matthews Avenue. The history of the oldest militia unit in Western Canada is portrayed by uniforms, weapons, pictures and artifacts from 1883 to the present. Open Tuesdays 8:00 p.m.-10:00 p.m. Saturdays 10:00 a.m. - 2:00 p.m.; other hours by appointment. Admission free. Telephone 783-0880.

The Historical Museum of St. James-Assiniboia houses exhibits which relate the history of settlement and the development of the St. James-Assiniboia area. William Brown House, located on the Museum grounds, is a Red River frame structure built in the late 1850's. Location: 3180 Portage Avenue. Open: Mid May to Labour Day, 10:00 a.m. to 5:00 p.m. daily, September to mid May, Monday to Friday, 10:00 a.m. to 5:00 p.m. Admission: Adults $1.00, children under 16 years 50 cents (free if accompanied by an adult), senior citizens 50 cents. Telephone: 888-8706

Seven Oaks House Museum – Rupertsland Avenue E., 1½ blocks from Main Street, in West Kildonan. It is the oldest habitable home in Manitoba and was built in 1851 by John Inkster. It is constructed of oak logs and contains furniture and household articles of the period. Open Mid-May to Mid-June weekends 10:00 a.m.-5:00 p.m. and Mid-June to Labour Day, daily 10:00 a.m.-5:00 p.m.; Tours arranged by calling 339-7429. Admission: $1.00 Adults, Students up to 12 years of age 25 cents, under 6 years of age free. School tours 10 cents per person.

Transcona Historical Museum – located at 141 Regent Avenue West, in a 1927 historic building (a former Bank of Toronto, and later, The Transcona Municipal Office). Local history, native and pioneer displays. Open Tuesday to Friday, Noon to

5:00 p.m.; Saturdays 10:00 a.m. to 5:00 p.m. Closed Civic holidays. June, July & August – open Monday through Saturday – 10:00 a.m. to 5:00 p.m.; Sundays – 1:00 – 5:00 p.m. Group tours arranged by appointment only. Admission is free. For information call 222-0423.

Ukrainian Museum of Canada, Manitoba Branch – located at 1175 Main Street. Contains Ukrainian folk arts and crafts brought from Ukraine by early pioneers: Traditional dress of the various regions, woven articles (kylyms), Easter eggs, woodcarvings, etc. Open: June 15-Sept. 15, Mon.-Fri. 10:00 a.m. – 12 noon & 1-4 p.m. Remainder of year, Monday-10 a.m. to 2 p.m. Free admission. Group tours by appointment, contact the curator – 334-6531.

Zoological Museum – Stewart-Hay Memorial Museum – Department of Zoology – Duff Roblin Building, University of Manitoba – Primarily a teaching museum used by students in the Department of Zoology, but available for tours by school children or the interested public. A good series of mounted birds and of invertebrates, and some displays of mammals, snakes and other natural history specimens. Open only by prior arrangement with the Administrative Assistant, I. Wiebe, Department of Zoology. Telephone 474-8477. Admission free. Closed weekends, civic holidays and not available during evenings.

Western Canada Aviation Museum Inc. – Hangar T-2, 958 Ferry Road, Winnipeg, R3H 0Y8. Dedicated to preserving Canada's aviation heritage, and includes vintage aircraft and personal memorabilia. Open year round. Monday through Saturday 10:00 a.m. – 4:00 p.m. Sundays and holidays 1:00 p.m. to 4:00 p.m. Fares: Adults – $2.50; age 6-17 – $1.00; Family – $6.50; Tours Minimum $20.00 (by reservation); Flight Deck only – $1.00 Telephone 786-5503.

HISTORIC SITES MARKED BY PROVINCIAL GOVERNMENT SITE MARKERS

ST. BONIFACE – Sir Joseph Dubuc – Arriving in Manitoba in 1870 at the request of Louis Riel, Dubuc became a vocal leader of the Metis and French Canadians in the Province. Elected to the first Provincial Legislature, he later served as Speaker of the Assembly and was appointed Chief Justice of Manitoba in 1903. Two Provincial plaques are located on the former Dubuc property at rue Notre-Dame and avenue Tache.

ST. BONIFACE – Red River Settlement – two Provincial plaques commemorate the formal proclamation of the Red River Settlement by Miles Macdonell, first governor of the District of Assiniboia, on September 4th, 1812. With the reading of the patent and his commission, Macdonell took possession of the lands granted by the Hudson's Bay Company to the Earl of Selkirk. The plaques are located in LaVerendrye Park, avenue Tache and boulevard Dollard.

ST. BONIFACE – Sir Joseph Royal – an established lawyer and journalist in Quebec, Royal came to Manitoba in 1870 and founded Le Métis, the Province's first French Language newspaper. He served in various capacities in the Provincial Government during 1871-79 and was later M.P. for Provencher and Lieutenant-Governor of the North West Territories. Two provincial plaques are located at the corner of boulevard Provencher and avenue Tache in the Tache Promenade Park. The former Royal residence is located at 147 boulevard Provencher.

ST. BONIFACE – St. Boniface Settlement – Two provincial plaques commemorate the beginnings of St. Boniface – the arrival of Jean-Baptiste Lagimodiere and Marie-Anne Gaboury to settle on Seine River lots in 1817, and the establishment of the first permanent school and mission in the West by Fathers Provencher and Dumoulin in 1818-19. The plaques are located on the grounds of the former St. Boniface City Hall, 219 boulevard Provencher.

ST. BONIFACE – Gabrielle Roy – One of Canada's most prominent authors, Gabrielle Roy was born and raised at 375 rue des Chambault where a plaque pays tribute to the effect on her writings of her Manitoba heritage.

ST. NORBERT – The Abbey of Our Lady of the Prairies – In 1892 five Cistercian monks from the Abbey of Bellefontaine, France, founded this monastery in St. Norbert. Our Lady of the Prairies, the only Trappist monastic house in Western Canada, prospered in St. Norbert until 1978 when the monks relocated near Holland, Manitoba. The Abbey was destroyed by fire in 1982. A Provincial plaque commemorating the abbey is located at the monastery ruins on rue des Trappistes.

ST. NORBERT – La Barriere – In November 1869, a party of Métis erected a barrier on the Pembina Trail to block representatives of Lieutenant-Governor McDougall from reaching Fort Garry. This action precipitated the intervention of the Canadian government in the Red River Resistance of 1869-70. Two Provincial plaques located in St. Norbert Provincial Heritage Park at the junction of Turnbull Drive and Highway 75 commemorate this event.

ST. NORBERT – The St. Norbert area was settled as early as 1821 by former fur trade company employees and their Métis families. The parish of St. Norbert was established in 1857 and was a prominent centre of Métis opposition during the Red River Resistance of 1869-70. Two Provincial plaques are located in St. Norbert Provincial Heritage Park at the junction of Highway 75 and Turnbull Drive.

WINNIPEG – The "Anson Northup" – The first steam-powered vessel to reach Fort Garry was the American sternwheeler S.S. "Anson Northup" which completed its journey up the Red River from Fort Abercrombie, Minnesota, on June 10th, 1859. A Provincial plaque is located in Kildonan Park.

WINNIPEG – Barber House – A Provincial plaque located at 99 Euclid Street commemorates one of Winnipeg's earliest buildings, constructed in 1862 by E. L. Barber, a prosperous merchant in the Red River Settlement.

WINNIPEG – Former Bank of Nova Scotia – Renamed the A.A. Heaps Building, this building is a monument to the skill of its architects and the importance of banking to Winnipeg's economy in the early 1900's. Constructed in 1908-10 to the architectural plans of the Toronto firm of Darling and Pearson, the elegant facade is terra cotta manufactured in England and hung on a steel frame. A 1930-31 addition by Winnipeg architects Jordan and Over matched perfectly the Baroque Revival detail and doubled the frontage on Portage Avenue. A Provincial plaque is mounted on the north wall of the building at 254 Portage Avenue.

WINNIPEG – Dalnavert – Built for Hugh John MacDonald, son of Canada's first Prime Minister, Sir John A. MacDonald, this red brick home is designed in the elegant Queen Anne style of residential architecture. Threatened with demolition in 1970, "Dalnavert" was saved by the Manitoba Historical Society and restored to its former grandeur. A provincial plaque commemorates the site.

WINNIPEG – Garry Telephone Exchange – This building, built in 1907, was the first telephone exchange to be erected by the newly created Manitoba Government Telephones, the first provincially owned telephone system in Canada. A provincial plaque is located on the facade of the building.

WINNIPEG – Marc-Amable Girard – Two Provincial plaques located in Memorial Park at Memorial Boulevard and Broadway commemorate Girard, the first Premier of Manitoba.

WINNIPEG – The former Great-West Life Building – Constructed between 1909 and 1911, this Neo-Classical building was the Great-West Life Assurance Company's first permanent headquarters. Incorporated in 1891, Great-West Life was for many years the only Winnipeg-based insurance company, and was symbolic of Manitoba's growing importance in Canadian affairs. A provincial plaque is located on the facade of the building.

WINNIPEG – Government House – A Provincial plaque at 10 Kennedy Street describes the history of the official residence of the Lieutenant-Governor of Manitoba.

WINNIPEG – Abraham Albert Heaps – A Provincial plaque in the interior of the A. A. Heaps Building at 254 Portage Avenue commemorates the career of this leader of the 1919 General Strike, alderman, and Member of Parliament.

WINNIPEG – E. Cora Hind – A Provincial plaque on the Free Press Building, 300 Carlton Street, commemorates the achievements of E. Cora Hind, noted journalist, suffragist, and temperance leader. She served as agricultural editor of the Free Press between 1901-37, where the accuracy of her agricultural forecasting won her international acclaim.

WINNIPEG – Isbister School – The oldest surviving public school in Winnipeg, this school was constructed during 1898-99. Designed by Samuel Hooper, Provincial Architect from 1904-11, it became a model for a number of Winnipeg schools built after 1900. A Provincial plaque at 310 Vaughan Street commemorates the building.

WINNIPEG – Kildonan Presbyterian Church – This is the first Presbyterian Church in Western Canada, constructed in 1854. It was erected under the direction of the Reverend John Black, the first resident Presbyterian minister who came to Kildonan in 1851, nearly 40 years after the arrival of the first Presbyterian settlers. A Provincial plaque is located on the church grounds at Main Street and John Black Avenue.

WINNIPEG – Manitoba Legislative Building – Formally opened on July 15th, 1920, the 50th anniversary of Manitoba's entry into Confederation, the Manitoba Legislative Building was designed by the English architectural firm of Frank W. Simon and Henry Boddington III. A paramount example of Beaux-Arts Classical architecture in Manitoba, the structure is sheathed in Manitoba Tyndall limestone and is adorned with many allegorical works of art. Two provincial commemorative plaques are located in the foyer. Plaques dedicated to prominent Canadian historical figures – Pierre Gaultier de Varennes et de la Verendrye, Major General James Wolfe, the Fifth Earl of Selkirk, and Lord Dufferin, are located just outside the east and west entrances.

WINNIPEG – Ambroise-Didyme Lepine – As Adjutant General to Louis Riel and member of Riel's Provisional Government, Lepine played a prominent role in the Red River Resistance of 1869-70. Lepine presided over the tribunal which condemned prisoner Thomas Scott to be executed on March 4th, 1870. Two Provincial plaques in Fort Garry Gate Park at Main Street and Broadway commemorate Lepine.

WINNIPEG – James McKay – The Honourable James McKay was a prominent member of early

Red River society and a leading politician in the early life of the Province. Two Provincial plaques commemorate McKay on the grounds of the Deer Lodge Centre, 2109 Portage Avenue, the former site of McKay's elegant home, "Deer Lodge".

WINNIPEG – The Nor'Wester – The first newspaper published on the Canadian prairies was issued at Red River in 1859. A Provincial plaque on the Federal Building, Main Street and Water Avenue, marks the location of the original office of the Nor'Wester.

WINNIPEG – St. James Church – Built in 1853, this is the oldest log church in Western Canada. A Provincial plaque is located on the church grounds at Portage Avenue and Tylehurst Street.

WINNIPEG – St. John's Cathedral – The first Protestant Church in the Red River Settlement was established here in 1822 by John West. The church became the administrative, educational and missionary centre of the Anglican Church in Western Canada. A Provincial plaque is located at the Cathedral, 135 Anderson Avenue.

WINNIPEG – St. Paul's Middlechurch – In 1825, to accommodate the growing population of the Red River Settlement, a second Anglican church was built at Image Plain. It became known as Middlechurch because of its location between St. John's and St. Andrew's churches. St. Paul's is commemorated by a Provincial plaque located on Balderstone Road, one kilometre east of Main Street.

WINNIPEG – The Salvation Army – A Provincial plaque at Grace General Hospital, 300 Booth

Drive, commemorates the formation of the Salvation Army in Manitoba in 1886 and the establishment of Grace Hospital by the Army in 1904.

WINNIPEG – Seven Oaks House – This is one of the oldest habitable homes in Manitoba. Built by John Inkster in 1851, it contains original Inkster family furnishings. A Provincial plaque is located at Seven Oaks House Museum, Rupertsland Avenue and Jones Street.

WINNIPEG – Silver Heights – A Provincial plaque on Mount Royal Road at Traill Avenue marks the original site of Silver Heights, a well-known early stopping place on the Portage Trail and once home of Donald Smith, Lord Strathcona.

WINNIPEG – Lillian Beynon Thomas – A journalist, social reformer, and first president of the Political Equality League, Thomas is commemorated by a Provincial plaque located at Laura Secord School, 960 Wolseley Avenue.

WINNIPEG – The Winnipeg Aqueduct – Constructed in 1913-19 to span more than 150 kilometres between Shoal Lake and Winnipeg, this aqueduct channels up to 385 million litres of water per day for consumption within the City. A Provincial plaque in Stephen Juba Park at the east end of Bannatyne Avenue recognizes this feat of engineering.

WINNIPEG – Dr. Amelia Yeomans – One of Winnipeg's first women's medical practitioners, Amelia Yeomans was an early leader of the temperance and women's suffrage movements in the

1880's and 1890's. A Provincial plaque commemorating her is located at the intersection of Hargrave Street and Broadway.

WINNIPEG – Marker at Woodsworth House, 60 Maryland Street, honouring J. S. Woodsworth, first leader of the Co-operative Commonwealth Federation and M.P. for Winnipeg North-Centre 1921-1942.

POINTS OF INTEREST

Assiniboine Forest – located between Chalfont Road and Shaftesbury Boulevard. It is unusual to find a forest within a city, but Winnipeg has one, complete with a herd of white-tailed deer. Assiniboine Forest offers a quiet place to escape the city in order to relax and enjoy nature. An all- weather nature trail leads from the corner of Chalfont Road and Grant Avenue to the Eve Werier Memorial Pond in the middle of the forest. An observation area overlooks the pond – a perfect place to watch for shorebirds and waterfowl. If you're lucky, you may even see a white-tailed deer venture down to the water's edge to drink. Interpretative tours can be arranged by calling the Living Prairie Museum at 832-0167.

Assiniboine Park – This 159 hectare (393 acre) park has many fine attractions including playgrounds, picnic sites, a miniature railway, a duck pond, an English garden, a Conservatory, a refreshment pavilion and a zoo rated as one of the finest in Canada. The conservatory contains many exotic plants and features special displays throughout the year. It is open daily from 10 a.m.

to sundown. Winter fun includes tobogganing, skating on the duck pond, cross-country skiing, snowshoeing and tally-ho rides.

Assiniboine Park Zoo – Where the excellent animal collection, good breeding record, superb landscaping and fine animal accommodation blend to produce Canada's leading zoo and its most popular institution. Over 1160 specimens are exhibited, many of which are endangered or extinct in the wild. Emphasis is placed on hardy northern creatures and the Zoo houses a comprehensive collection of native animals such as Musk Oxen, Elk, Canada Lynx, Puma, Fisher, Bears, Porcupines, Waterfowl, Cranes and birds of prey. Rare exotic species such as European Bison, Siberian Tiger, North China Leopard, Lion-tailed Macaque, Addax, Hartmann's Mountain Zebra and Vicuna breed regularly at the Zoo. In the internationally acclaimed Tropical House can be seen several hundred free-flying birds, monkeys and reptiles from the tropical forests. For the young there is a wide variety of baby animals in the Kinsmen Development Centre. The Zoo is open year round 10:00 a.m. to sundown. Educational Zoo Programs are available by calling 888-9214.

CP Rail Yards – These are among the largest privately owned railway yards in the world and should be of particular interest to railway buffs. The yards may be seen to advantage from either the Slaw Rebchuk or Arlington Bridges.

Centennial Centre – The Concert Hall and Planetarium portions of the Centre were constructed during 1967, Canada's Centennial Year (two of several Centennial projects). The Museum of Man and Nature was opened July 15th, 1970, to mark Manitoba's Centennial and the Manitoba Theatre Centre Building was opened in November 1970. Daily tours of the Concert Hall from 12:00-4:00 p.m. during the months of July and August. Tours also arranged by appointment – telephone 956-1360.

City Hall – In Winnipeg's City Hall on Main Street, the administrative and legislative functions have been located in separate buildings which are linked by an ornamental mall. Tours may be arranged by telephoning the Mayor's Office: 986-2196.

The Forks – Located behind the Union Station at the junction of the Assiniboine and Red Rivers in the heart of downtown Winnipeg, the Forks is a 56 acre waterfront redevelopment project. It is also an historic site where people have been gathering for over 6,000 years. A full slate of seasonal festivals and cultural and recreational events are featured on the site, year round. Riverside walkways with their picturesque "new" view of the City are well lit and wheel chair accessible in all seasons. The Wall Through Time furnishes important historical information along the way. The Forks is one of the richest sites of heritage resources in North America. Archaeological digs with opportunities for public participation are offered each summer. The Forks Market features fresh foods, ethnic and specialty items; crafts and speciality retail shops in a second floor hayloft; as well as fast food and full service restaurants that offer patio dining in Summer. The historic stable buildings, refurbished with atriums, skylights and a bright airy courtyard, enhance the unique year-round shopping experience of The Market. The riverside Plaza offers fountains, canopied and open performance spaces and casual outdoor seating throughout the summer. In winter, a circular outdoor skating rink is artificially frozen to extend the skating season. The Plaza also provides access to toboggan slides and the Rivertrail for skating and skiing. The Pavillion on the Plaza is open all year round but in winter the huge gas fireplace warms the soul as well as the toes while you change your skates. The Historic Port or boat basin will be completed in the spring of 1991. Docks for a variety of craft will allow the public river access to the site.

The Golden Boy – Atop the 240 foot high dome of the Legislative Building at Broadway and Osborne Street is one of the best known symbols of Manitoba. The torch held aloft in his right hand lights the way of future economic development and progress in the north, while the sheaf of wheat cradled in his left arm represents agriculture. This four metre (13½ foot) figure, weighing five tons, was cast in bronze by the French sculptor Georges Gardet of Paris. It is now sheathed in 23½ carat gold.

Grant's Old Mill – A mill, constructed of logs on a limestone base, overlooks Portage Avenue, near Grace Hospital in St. James-Assiniboia. The history of milling, one of the first industries in the Red River settlement, is told within this replica. Three pound bags of whole wheat flour are for sale to tourists. Flour from wheat, rye or triticale may be bought in any quantities from 1 to 100 lbs. They also do custom grinding. The address of the mill is 2777 Portage Avenue, Telephone 837-5761. Summer hours are 10:00 a.m. to 6:00 p.m. daily; 12:00 Noon to 8:00 p.m. on Sundays.

Commodity Exchange – The Winnipeg Commodity Exchange, located on the 5th floor Commodity Exchange Tower, 360 Main Street, is one of the largest in the world. The gallery is open to visitors from 9:30 a.m. to 1:15 p.m. Monday through Friday. Guides are available on appointment during these hours to explain the operations of the futures market. Phone 949-0495.

Harbour View Golf Course and Recreation Complex – located as part of Kil-Cona Park at 1867 Springfield Road, 1.5 km east of Highway 59, offers a unique 9 hole, par 27 golfing experience for players of every playing level. Nestled on a lakeshore, the complex's many other recreational features include a golf driving range, miniature golf, tennis courts, paddle boat rentals, shuffleboards, horseshoe pits, and a creative playground. Also available are the pro shop, restaurant, classroom and banquet room facilities. When the snow flies, the fireplace and restaurant become a warm haven for those who come to Harbour View to toboggan, cross-country ski or to skate on the lake's meandering pathways.

Winnipeg International Airport is the oldest international airport in Canada. The airport sprawls over 1740 hectares (4300 acres) of land in the northwest corner of The City of Winnipeg. The airport serves both civil and military aircraft and has major air cargo/courier, aircraft maintenance and world class general aviation facilities and is fully equipped with state of the art visual and navigational aids to handle any type of aircraft. The airport operates on a 24 hour basis and processes more than 2.3 million passengers and 30,000 tonnes of cargo annually and can accommodate projected traffic growth beyond the year 2000.

Kildonan Park – This lovely park off Main Street North is one of the few places in southern Manitoba that has remained relatively unchanged since the early days of settlement. Some of the oldest and largest trees in the Province still stand in the park. A picturesque modern pavilion has a fine restaurant and washroom facilities. Also in the park are a fine outdoor public swimming pool and Rainbow Stage, home of Winnipeg's popular outdoor summer theatre. In winter, there are facilities for skating and tobogganing. A model of the Witch's House from the fairytale Hansel and Gretel, is located in the park.

Lamp of Life – located on grounds of the East Kildonan-Transcona Community Office at 755 Henderson Highway – when extinguished it signifies a fatal traffic accident has occurred in the community.

Commemorative Plaque erected in Seniors Park at Bronx Avenue and Kildonan Drive in recognition of two East Kildonan residents, Dan Starkell and son Dana who launched their canoe at the park in June, 1980 and paddled over 12,000 miles to Belem, Brazil. This has been recognized as a world record for the longest journey undertaken by canoe.

Knox United Church – On Edmonton at Qu'Appelle Street in downtown Winnipeg is one of the City's oldest churches, yet retains a modern look. Construction of the edifice, of native Manitoba stone, was begun in 1914. Because of World War I the building was not completed – no work was done for a full year – and was not opened úntil 1917. The church, in 1968, celebrated the installation of a new Casavant 3 manual pipe organ. Its two towers, one containing a carillon, have become dwarfed by the tall modern structures in the area. Knox welcomes visitors to its Sunday services and is open to the public daily from 8 a.m.

La Verendrye Monument – On avenue Tache, opposite St. Boniface Hospital, this monument honours Pierre Gaultier de La Verendrye. He and his sons were the first white men to travel west by the Great Lakes chain to reach the forks of the Red and Assiniboine Rivers. La Verendrye is credited with having erected the first building – Fort Rouge – on the site of the future City of Winnipeg in 1738. From the Forks, La Verendrye explored much of the country west, opening it up to the fur trade.

Legislative Building – At Broadway and Osborne Street is one of the finest neo-classical structures in Canada. It is made of native Tyndall Stone. The building accommodates the legislative chambers, Lieutenant-Governor's suite, offices of the Premier and Cabinet Ministers and some departments of the government. The grounds of the Legislative Building are most beautiful and contain many statues in memory of prominent persons, such as Queen Victoria, Lord Selkirk, founder of the first

European settlement in Manitoba; French Canadian explorer La Verendrye; Major-General James Wolfe; Lord Dufferin, the first Governor-General of Canada to visit Manitoba after it joined the confederation; Robert Burns, Sir George Etienne Cartier, who piloted the bill to bring Manitoba into the confederation through the House of Commons; Jon Sigurdsson, Icelandic man of letters; and Ukrainian poet and painter, Taras Shevchenko. On the banks of the Assiniboine River near the Legislative Building stands a monument of Louis Riel, Métis leader. The Kwakiutl totem pole stands nearby, a gift from the people of British Columbia to commemorate their Centennial in 1971. There is tourist parking in the Legislative Building grounds. Tours are available from mid-May to Labour Day, 9 a.m. to 7 p.m. – Monday to Friday and 9 a.m. to 4 p.m. – Saturday, Sunday and holidays; from Labour Day to mid-May available by reservation for groups of 10 or more. Phone 945-5813 (Tourist Information Centre).

Lombard Place – 4½ acre site at Winnipeg's famous corner of Portage Avenue and Main Street. The complex consists of the 34 storey Richardson Building, the Westin Hotel, a Bank of Canada building and Winnipeg's first underground Concourse of some thirty stores and service establishments. Also included in the complex is a 600 car capacity garage.

Louis Riel's Grave is in the St. Boniface Basilica Church yard, 190 avenue de la Cathedrale. Riel was the leader of the Metis and president of the provisional government during the tumultuous days of Manitoba's birth as a province.

Memorial Park – Located between Memorial Boulevard and Osborne Street in front of the Legislative Building, the park presents a colourful array of flowers and shrubs. In the summer evenings a beautiful central fountain is illuminated with multicoloured lights.

Old Kildonan Church – The first Presbyterian church in Western Canada was built in 1854 in the parish of Kildonan on the northern outskirts of Winnipeg, beside Highway 9. The three-foot thick walls of stone are now covered with stucco.

Pan-Am Swimming Pool – Located at 25 Poseidon Bay between Grant and Taylor Avenues, it was completed for use in the Pan-American Games held in Winnipeg in 1967. One of the largest indoor bodies of water in the world, it is the aquatic capital of Canada. The 22.86 metre (75 foot) by 68.58 metre (225 foot) pool features a 1.52 metre (five foot) wide movable steel bulkhead which separates the teaching section from the swimming and diving sections when locked into place. The building also houses fitness facilities and the Aquatic Hall of Fame and the Museum of Canada. Public swimming is available year-round; for available times call 284-4030.

Manitoba Planetarium – located in downtown Winnipeg at Rupert and Main, with the Manitoba Museum of Man and Nature, in the Manitoba Centennial Centre. Entertaining and educational shows unveil the mysteries of the universe, explain science fact/science fiction, probe present-day space programs and techniques, and explore future frontiers in space, all in the living room comfort of the 280-seat Star Theatre. Shows are presented daily (except winter Mondays) and are approximately 1-hour long. Planetarium Show Admission: Adult $4.00, Student $3.00, Senior/Child 12 & under $2.25; Child 3 years and under – free. Group rates and bookings available (988-0611).

Touch the Universe is an exciting hands-on science gallery designed for the world of today, tomorrow and beyond. A sensory delight, visitors can push, pull, spin, walk into, talk to, and have fun with a kaleidoscope of over 60 multi-dimensional exhibits and displays. Touch the Universe Hours: Summer (June 10 - Sept. 2/91) Daily 10 a.m. - 8 p.m. Rest of year: Tues. - Thurs. 10 a.m. - 5 p.m.; Fri. 10 a.m. - 7:30 p.m.; Sat. and Holidays 12 - 7:30 p.m.; Sun. 12 - 6 p.m. Touch the Universe Admission: Adult $3.00; Student $2.25; Senior/Child 12 & under $2.00; Child 3 and under free. Group rates available (988-0611) Omni Adventure Pass includes Museum, Planetarium and Touch the Universe admission. Switchboard 956-2830. Planetarium/Touch the Universe Information Line 943-3142; FAX 942-3679

Prairie Dog Central – A museum railway offering a 36-mile steam train excursion from C.N.R. St. James Station (north side of Portage Avenue just west of St. James Street) to Grosse Isle, and return. Sundays only from June through September. Trip time approximately two hours. For departure times, telephone 832-5259, or write to The Vintage Locomotive Society Inc., Box 217, St. James P.O., Winnipeg, Man., R3J 3R4.

Red River Floodway – Along Highway 59 north of Birds Hill, long stretches of this 30 mile flood control channel for Greater Winnipeg can be seen at close range. During flood periods, part of the flow of the Red River is diverted around the city and discharged back into the river below the dam at Lockport.

Royal Canadian Mint – Canada's new mint is located at the junction of the Trans-Canada Highway East and Highway 59. For information telephone 257-3359.

St. Boniface Basilica – Oldest cathedral in Western Canada, located on avenue Tache in the French speaking community of St. Boniface. The original cathedral was constructed by Father Provencher in 1818 but has been replaced several times as fire has destroyed the former structures. The Basilica was immortalized in a poem by John Greenleaf Whittier called "The Red River Voyageur" where he described the spires of "the turrets twain" as seen by the boat man from the river. Though the cathedral was again struck by fire in 1968, the facade of the church remains and in line with the liturgical renewal, a new and modern cathedral was rebuilt within the ruins and opened for worship on July 17th, 1972. On the grounds are found the graves of Bishop Provencher, Father Aulneau, Louis Riel and many other pioneers.

St. James Church (Anglican) – On Portage Avenue, opposite Polo Park Shopping Centre; St. James Church, built in 1853, is the oldest log church in Western Canada and the oldest standing church building in Metro Winnipeg. Church services are held during the summer.

The Cathedral Church of St. John – Located at 135 Anderson Avenue the present cathedral is the fourth edifice on this site. Reverend John West, first Anglican missionary at Red River, built a schoolhouse on this site in 1820. Two years later a combined school-church building was erected. The present cathedral built in 1926 incorporates stones from two churches built in 1853 and 1862. Many important citizens to the history of this Province are buried in the churchyard. Tours of the building and grounds are conducted during the summer months and by appointment through the church office.

St. Nicholas Ukrainian Catholic Church – At the corner of Arlington Street and Bannerman Avenue in north Winnipeg blends traditional Byzantine Ukrainian architecture with freely incorporated modern design. A feature of the building is its curved orb roof design, the orbs being of fibreglass construction, as is the altar canopy inside. This is the first building of its kind in Winnipeg to incorporate fibreglass as a construction material.

St. Vladimir and Olga Cathedral – This Ukrainian Catholic Cathedral is located at 115 McGregor Street. Its domed towers and colourful adornments are typical features of Byzantine churches.

Symington Yard – The marshalling yards of the Canadian National Railways may be seen from the Trans-Canada Highway on the eastern outskirts of Winnipeg. The fully automated switching system, involving electronic equipment, computers and closed circuit TV, is the most modern in the world. The yards are a striking sight at night when the extensive floodlight system can be seen for miles.

Ukrainian Orthodox Cathedral – The bulbous domes of Holy Trinity Ukrainian Orthodox Cathedral are a prominent feature of the skyline of north Main Street. The interior is richly ornamented after the fashion of the easternrite churches. Located at 1175 Main Street.

University of Manitoba – The University of Manitoba can be considered Manitoba's third largest community – during the regular session from September to April approximately 24,500 students and 5,200 staff combine to create a total population of almost 30,000. This daily population is increased by people who come on business, short courses, conferences, summer session and other events. The university has two campuses in Winnipeg: The main campus in the southern suburb of Fort Garry covers 274 hectares and about 30 of its more than 50 buildings are used directly in teaching and research. The second campus is a complex of nine buildings at the west end of the Health Sciences Centre in Central Winnipeg and is the location for teaching and research in health care. Field stations, community service projects, and off-campus courses take the university into other Manitoba communities.

The university has faculties of agriculture, architecture, arts, dentistry, education, engineering, graduate studies, human ecology, law, management, medicine, pharmacy, physical education and recreation studies, science, social work; the schools of agriculture, art, dental hygiene, medical rehabilitation, music, and nursing; the Natural Resources Institute, and Continuing Education Division.

In 1989-1990 the university's academic staff attracted just over $45.1 million in research support to the Province. The university assists Manitoba industry through co-operative research programs or by contract research.

Another important component of the university consists of the colleges, which offer an intimate and personal setting for students. St. John's, University, St. Paul's and St. Andrews's are all on the Fort Garry campus. The Canadian Nazarene College and the Canadian Mennonite Bible College are associated with the university as approved teaching centres. College Universitaire de Saint-Boniface, located in St. Boniface, is unique in that it offers instruction in the French language.

The University of Manitoba was established in 1877 and was the first university to be established in Western Canada.

Further information may be obtained by visiting the Information Centre on University Crescent, or by telephoning 474-8346.

The University of Winnipeg – 515 Portage Avenue, Winnipeg. The University of Winnipeg enjoys a well-deserved reputation for academic excellence and concern for the individual student. The University offers a general education, emphasizing the natural sciences, the humanities and the social sciences. Members of faculty and staff are involved in a number of international projects which entail the exchange of knowledge and technology.

Some 7,500 students register annually in undergraduate Arts, Science and Education programs. Students may also take pre-professional training in order to enter such faculties as Law, Medicine, Dentistry and Social Work. The University of Winnipeg offers a graduate program in Theology, and in a joint arrangement with the University of Manitoba, provides Masters level programs in History, Religious Studies and Public Affairs.

An urban university, The University of Winnipeg is located downtown on Portage Avenue at Spence Street. Wesley Hall, the striking building which faces Portage Avenue, houses the Collegiate Division and administration offices. Across Spence Street, the award-winning Athletic Centre, open for both university and community use, features nautilus equipment, racquetball and squash courts, a three-court gymnasium and a 167-metre banked jogging track. Centennial Hall, the University's "Library in the Sky" houses a collection of over 420,000 volumes, 100,000 microfilms and 3,500 journal and newspaper titles including 1,961 subscriptions to current periodicals. The reference area holds a collection of 28,500 volumes containing abstracts and indexes, bibliographies, dictionaries and encyclopedias.

The University of Winnipeg promotes research programs and services to improve the quality of community life. The Institute of Urban Studies, for example, engages in independent, multi-disciplinary research on urban and urban-related topics and is active in community outreach programs. The Western Canada Pictorial Index, located in Graham Hall, is a support for visual educational programming on historical and sociological topics related to Western Canada. Its holdings total more than 60,000 images.

The Women's Studies program, Mennonite Studies Centre, Manitoba Multicultural Resources Centre, Rupert's Land Research Centre, Inter-Faith Pastoral Institute and the University's Continuing Education Division are also involved in activities directly related to the community.

Most areas of the University are fully accessible to the physically disabled.

For more information, please call the University Relations Office at 786-9711.

Upper Fort Garry Gate – The northern gateway of Upper Fort Garry, all that remains of the Hudson's Bay Company trading post that stood on this site, is preserved in a park on Main Street opposite the C.N.R. Station. For almost half-a-century this fort was the headquarters of the Hudson's Bay Company in Western Canada. A Federal plaque on the gateway outlines the history of several forts that stood in the vicinity. Upper Fort Garry, built between 1834 and 1837 at the forks of the Red and Assiniboine Rivers, was the fur trading centre for the Red River settlement, which doubled in size by 1853/54. It also served as the seat of government for the District of Assiniboia and the Red River settlement. Today, the only remnant of the fort is the stone gate. Wooden walls which surrounded the northern half of Upper Fort Garry and the gate have been restored.

Whitehorse Plain – An Indian legend gave this name originally to the Village of St. Francois Xavier on Highway 26 west of Winnipeg. A beautiful Indian maiden and her bridegroom are pursued by her rejected suitor and although the white horse has speed and endurance, it also proved to be a good target and finally Sioux arrows killed them both. The white horse escaped and roamed the plains for years. The Indians believed the soul of the girl has passed into its body and the ghostly white horse would haunt the plain forever. A statue of the white horse has been erected near the junction of Highways 1 and 26 to commemorate this romantic Indian tale.

Winnipeg Convention Centre – Located at 375 York Avenue, is a multi-use structure that features a pillarless 78,000 sq. ft. exhibition hall with a 30 foot open grid ceiling that will accommodate exhibits up to 50 feet high. The ground floor offers convertible meeting rooms for up to 2,500 people, cocktail lounge, VIP salon, a full service kitchen for banquets of up to 5,000 people. Also there is a second level shopping mall, restaurant, cafeteria, and 600 seat cinema. As well, the facility features underground parking and skywalks to an adjoining major hotel and office complex. Telephone 956-1720. FAX: 943-0310. Events Information Line 943-1961.

CIVIC CENTRE

In 1957, Winnipeg ratepayers approved a money by-law of $6,000,000.00 for erection of a new City Hall. On March 20, 1961, City Council approved construction on the site of the existing City Hall erected in 1886. To accommodate the new City Hall and future civic structures, Council authorized the expropriation of all privately-owned buildings and land within the area bounded by James and William Avenues, Main and Princess Streets. Construction commenced in October 1962 and was substantially completed by August, 1964. Official ceremonies marking the opening were held on October 5th, 1964. Highlighting this occasion was a special meeting of Council at which the Winnipeg Chamber of Commerce presented to the City of Winnipeg a Chain of Office to be worn by His Worship the Mayor.

The City Hall comprises two buildings, one being the Council Building, the other, the Administration Building. They are separated by a courtyard and are connected by an underground gallery. The Council Building is two storeys in height and contains the Council Chamber and public galleries for 200 persons, Committee Rooms, offices of the Mayor, Deputy Mayor, Chairmen of the Standing Committees, Councillors, the City Clerk's Department and news media. The Administration Building is seven storeys in height and contains the following departments: Board of Commissioners, Finance, Budget Bureau, Computer Services, Research, Personnel, Purchasing; also Conference Rooms and Cafeteria.

The buildings are of steel frame construction. The exteriors are finished in Manitoba limestone with granite trim. Bronze has been used for window and door frames and for solar screens in the Council Building. Interior wall finishes in public areas are limestone, granite, brick and plaster.

On December 21st, 1964, Council awarded a contract for the construction of a new Public Safety Building and a Parkade on land directly west of the new City Hall at a cost of $4,853,908.00. These buildings were completed in 1966. The Public Safety Building houses the headquarters of the Police and Fire Departments and the Communications Branch. The Parkade provides parking for 455 automobiles in four levels above ground. The basement is used for Police, Fire and Communications Branch vehicles. Both buildings are connected to the City Hall by tunnel under King Street. In 1967 construction was completed on a tunnel under Main Street connecting the Civic Centre and the Manitoba Centennial Centre.

CITY GOVERNMENT

On July 27th, 1971, Royal assent was given to Bill 36, being Chapter 105 of the Statutes of Manitoba, known as The City of Winnipeg Act. This Act incorporated the R.M. of Charleswood, R.M. of Fort Garry, R.M. of North Kildonan, R.M. of Old Kildonan, Town of Tuxedo, City of East Kildonan, City of West Kildonan, City of St. Vital, City of Transcona, City of St. Boniface, City of St. James-Assiniboia, City of Winnipeg and The Metropolitan Corporation of Greater Winnipeg into a unified City of Winnipeg, commonly referred to as "Unicity".

The Election of the first council was held on October 6th, 1971 and the new city came into legal existence on January 1st, 1972. The new unified City Council consisted of 50 Councillors elected on the basis of one from each of the 50 wards and a Mayor elected from the City-at-large.

The inaugural meeting of the new council took place in the Council Chamber, Council Building, Civic Centre on January 4th, 1972.

All members of council including the Mayor were elected for a three year term. The Act provides that the election of members of succeeding councils shall be held on the fourth Wednesday of October, 1974, and in each third year thereafter, and the members so elected shall take office, and the council shall be constituted on the first Tuesday next following the declaration by the Returning Officer of the result of the election of members of the council.

Thirteen community committees were established under the Act; however in 1974 on the recommendation of the Ward Boundaries Commission, the provincial government enacted legislation whereby the St. Johns Community ceased to exist; Strathcona and Norquay Wards being transferred to the Lord Selkirk Community and Riverton and Talbot Wards being transferred to the East Kildonan Community, thereby reducing the communities from thirteen to twelve but still maintaining fifty wards. In 1977 further legislation reduced the communities to six and the wards to twenty-nine. Each is really a Community Committee of Council and comprises the Councillors who represent the wards within each particular Community. In 1989 in accordance with The City of Winnipeg Act, a review of the boundaries of The City of Winnipeg was conducted. The review resulted in a number of chnages to the Community area boundaries and the number of wards for four of the Communities.

Councillors have a dual role; as members of the Council and as members of the Community Committees. In the former role they are concerned with legislative decisions affecting the whole city, while in the latter their concern is with local community issues.

Members of the Council, other than the Mayor, are elected on the basis of one each from the twenty-nine wards into which the city has been divided. The Mayor is elected at large.

Subject to The Local Authorities Election Act, the right to have his/her name placed on the list of electors of and to vote at elections in, local authorities, belongs to each of the following persons; that is to say, a person who

(a) is a Canadian citizen of the full age of eighteen years, or who will be eighteen years of age at the date of the election, and is not disqualified under the Act, or otherwise by law prohibited, from voting; and

(b) an actual resident in the authority and will have been resident therein for a period of six months at the date of the election;

and, in the case of elections in a municipality, the right of being named in the list of electors and of voting also belongs to any person who is qualifed as provided in clause (a) and who, whether resident in the authority or not, is, in his own right, at the date of the election,

(c) an owner of land which is assessed in the latest revised realty assessment roll; or

(d) a tenant or occupier of land whose name is entered on the latest revised realty assessment roll as the owner of a right, interest or estate in the land; or

(e) a tenant of premises that are used for business purposes and that have been assessed, in the current business assessment roll for business tax which he is liable to pay; or

(f) a tenant of premises that are used, in whole or in part, for business purposes, and has paid, for the current year, a fee in lieu of business tax in respect of those premises, or a fee in respect of a business or calling connected with the occupancy of those premises.

Nominations of candidates are filed with the returning officer, in such times, and at such place, and during such period, as is required in the Act.

A candidate cannot file papers for or be elected as both mayor and councillor.

The returning officer must give at least fourteen days previous notice of the date, time, and place when and where he will receive nominations.

(a) by publishing the notice in a newspaper having a general circulation in the area, or

(b) by posting up a notice in his office and in such number of other conspicuous places in the authority, not less than four, in his absolute discretion, deems reasonable.

The notice shall include a statement setting out a brief description of the declarations, certificates, and other documents that, under the Act constituting a local authority, are required to accompany a nomination of a candidate, if any such are so required.

The returning officer shall be present on the date, and at the time and place stated in the notice.

All nominations shall be made in writing, and shall be signed

(a) in the case of the election of a member of the council for a ward, where the authority is divided into wards, by
  (i) at least twenty-five electors of the ward, or
  (ii) not less than one percent of the electors of the ward, whichever is the lesser, and

(b) in all other cases, by
  (i) at least twenty-five electors of the authority, or
  (ii) not less than one percent of the electors of the authority, whichever is the lesser;

but, in all cases, by at least two electors.

THE RESPONSIBILITIES OF THE COMMUNITY COMMITTEES ARE TO:-

(a) develop and implement techniques to maintain the closest possible communication between the city and the residents of the community, and shall carry out and ensure that those residents are given full opportunity to represent their views on policies, programs, budgets and delivery of services, and the community committee shall communicate such of those representations as it may deem advisable to the council, the committee of the council, or the boards and commissions, as the community committee may determine;

(b) develop and implement techniques to provide the residents of the community with information concerning existing and potential city policies, programs and budgets so as to facilitate residents in discussing and developing views concerning these matters;

(c) develop and implement techniques to make the fullest and best use of the resident advisory group for the community, in providing advice and assistance to the community committee in the committee's considerations of the Greater Winnipeg Development Plan, the Community Plan, the Action Area Plan, zoning changes or proposed plans of subdivision or any amendment, alteration, repeal or replacement or any one or more of them;

(d) at least once a month at a regular time and place, meet to consider the business of the community;

(e) conduct a meeting or meetings to facilitate participation, by residents of the community in the preparation of submissions concerning the annual current and capital budgets (including the community committee budget) and make submissions respecting such budgets to the Executive Policy Committee;

(f) conduct a meeting or meetings at least quarterly to consider progress reports on the programs and projects of the City; and

(g) at least once a year, hold a community conference which all residents of the community shall be invited to attend and participate in discussions of city programs, and at one of which shall be presented for discussion, the annual statement of revenues and expenditures of the community committee.

The community budgets shall be included in the city's annual current and capital budget, and shall disclose, for each community, the identifiable costs of operating the community committee and expenditures budgeted for libraries, parks and recreation, recreation commission, the St. Boniface Museum Board, or community centres, during the year in respect of which the community committee participates.

A residents' advisory group may be elected at any community conference referred to in paragraph (g) by the residents of the community who are present, from their number.

The number of members of the residents' advisory group, the manner of their election and the period for which they are to serve, may be determined by the residents present at the community conference during which the group is elected.

Any member of a residents' advisory group may be recalled by the residents present at a community conference for the community at any time.

The role of a residents' advisory group is to advise and assist the members of the community committee for the community at whose conference they were elected, as to the performance of their functions under the Act.

STRUCTURE OF THE GOVERNMENT OF THE CITY OF WINNIPEG – POLITICAL AND ADMINISTRATIVE

Council at its meeting held on October 15th, 1986, passed By-law No. 4444/86, prepared in accordance with the provisions of The City of Winnipeg Act, as the political and administrative organization of The City of Winnipeg.

EXPLANATION RE THE CITY ORGANIZATION BY-LAW No. 4444/86

General Comments

1. The By-law repeals the "Structure of the government of The City of Winnipeg" By-law No. 2071/78 and its twenty-five amendments to date.
2. By-law No. 2071/78 and its twenty-five amendments were consolidated by the Law Department and then a section by section review of The City of Winnipeg Act was carried out by the City Solicitor and the Assistant City Solicitor for the purpose of incorporating in the new By-law committee responsibility for every provision in The City of Winnipeg Act as appropriate.
3. This process, as a result, required decisions as to the appropriateness of assignment of responsibilities but the utmost care was taken to ensure that the intent of Council as set out in the Structure By-law was brought forward and as well matching like duties and responsibilities with the appropriate Committee. In many cases this resulted in fractionalizing of Parts of the Act and indeed Sections, Subsec-

tions and Clauses which might make the By-law appear to be somewhat complex. However, the result clearly delineates where the responsibility lies or will lie in respect to a particular provision of The City of Winnipeg Act.

4. The title has been changed to reflect the intent of the By-law which is the Political and Administrative Organization of the City and abbreviated for ease of reference.
5. All paragraphs are numbered into Sections and Subsections for ease of amendment.
6. Both in the text of this By-law and in the Organization Chart, attached as Schedule "B", all matters are referred to alphabetically in keeping with standard drafting practise.
7. (a) The Organization Structure Chart has been amended from that submitted with the Clause to conform with the ordinary organization structure of showing reporting relationships. For example, in the Chart accompanying the clause to Council, "Cultural Grants" is listed under the Commissioner of Protection, Parks and Culture and "Rivers and Streams" is listed under the Commissioner of Planning and Community Services.

   There are, of course, no Departments such as cultural Grants or Rivers and Streams. These terms have been removed from their position under the respective Commissioners and "Rivers and Streams"is shown separately in the Chart with a description of its delegation in Section 7 on page Ten of the By-law and its reporting relationship is found in the text of the By-law (Clause 4(3)(d) on page Six). "Cultural Grants" is described in the text of the By-law under delegated powers of the Committee on Protection, Parks and Culture (Clause 4(4)(e) on page Eight).

(b) Reference to the Winnipeg Enterprises Corporation and the Convention Centre Corporation was made in the previous by-law but is not referred to in the new by-law as they are independent legal entities and as such are not properly part of the Organization Structure of the City.

(c) The Winnipeg Police Commission has been deleted as well due to the recent Act amendments.

(d) The Parking Authority appears in the Chart reporting through the Committee on Finance and Administration and the Municipal Hospital Commission is shown on the Chart reporting through the Committee on Planning and Community Services with the nature of their reporting requirements described in Section 4(2)(k) on page Five and Section 4(3)(v) on page Seven. Descriptions of both of these Boards appear on page Ten of the By-law.

8. **Community Committees**

Reference has not been made to the Community Committees in the By-law as their duties and responsibilities are established under the provisions of The City of Winnipeg Act and to repeat these duties and responsibilities in a by-law dealing with delegation would be extraneous.

Detailed Comments

As in the previous By-law, the City organization is divided into two parts, the political and administrative parts.

PART I

POLITICAL ORGANIZATION

A. Section 2. This Section contains the general powers of Council which Council retains to itself.

Subsection 2(9) There was an apparent inconsistency between the previous provision 2(9) and delegated power to the Committee on Finance and Administration to purchase land (4(2)(g)). As a result, the general power of Council is clarified as "Budget Approval" of land purchase.

B. Pages 2 and 3. The powers delegated by Council to the Executive Policy Committee by By-law No. 2071/78 are virtually unchanged except for changing the reference to the "operating" budget to "current" budget in paragraph 3(6) on Page Two.

As a result of direction received from the Board of Commissioners, matters dealing with Part III, the Official Languages part of the Act, and Pension and Insurance matters for Members of Council have been added to the delegated powers of the Executive Policy Committee.

4(1) **Standing Committees**
The membership of all four Standing Committees has been returned to six members each. City Council, on April 9th, 1986, passed By-law No. 4161/86 reducing the membership in the Committees of Finance, Works and Operations, and Recreation, Culture and Social Services from six to five.

Following, in brief, are the various POWERS AND DUTIES of the four Committees:

Committee on Finance and Administration

Subsection 4(2)(a)

75 and 75.1 (Part III)	Pension Matters
106 (Part V)	Insurance
Part VI	Acquisition and Disposal of Land
Part VII	Assessment
Part VIII	Collection of Taxes
Part IX	Finance
Part X	Local Improvements
414(2)	Pounds (Dogs, etc.)
419	Civic Charities Bureau
434(1)(a)	Census
434(1)(j)	Bicycle Licensing
435(b)	Licensing Racetracks, Speedways
435(c)	Penalties re above
Part XVII	Licensing
657	Electricity and Gas Taxes
658	Document retention, Destruction, etc.
661	Watchmen

Other delegated powers:

*2(2)(c)	Approve settlements or claims by the City
**2(2)(d)	Approve settlements re expropriation
2(2)(g)	Clarification of Committee's role re land sales, etc.
***2(2)(k)	Parking Authority reports through this Committee

-*, ** and *** These were added as no delegation in old By-law.

Committee on Planning and Community Services

Subsection 4(3)(a)

412(b)	Libraries
414(1)	Markets
428 to 430	Building Numbers and Names
431	Fences
434(1)(b)	Regulating Noise
434(1)(c)	Signs, Advertising Devices
434(1)(e)	Untidy & Unsightly Premises, Nuisance
434(2), (3) & (4)	Nuisances
435.1	Activities on Frozen River
437	Derelict Vehicles
437.1	Non-Licensed Vehicles
438 to 441	Social Allowance and Housing
442 to 450	Health
Part XV	Building Standards
Part XX	Zoning

Other delegated powers:

4.3(d)	Budget and Orders of Rivers and Streams Committee
4.3(w)	Reporting Procedure for Hospital Commission

Committee on Protection, Parks and Culture

Subsection 4(4)(a)

410	Food and Fuel in emergencies
441	Cemeteries
412(a)	Public Pools
412(c)	Auditoriums, etc. (culture)
412(d)	Recreation
415	Mosquitoes
417	Joint Use – Schools
424	Weed Control
425	Plant Diseases
426	Trailer Parks, etc.
432	Overhanging Shrubbery
434(1)(d)	Trees and Shrubs
434(1)(f)	Boulevards
434(1)(g)	Pruning Trees
434(1)(h)	Protection of Birds, etc.
434(1)(i)	Fireworks
434(1.1)	Boulevards
436	Parking on Private Property
Part XIV	Protection of Persons and Property
Section 524.1	Ambulance Service
Part XVIII	Parks and Recreation

Other delegated powers:

4(4)(f)	Parks Publications (previously an exception to Council's general powers)
4(4)(g)	Matters relating to Community Centre Boards have been provided for in this By-law. No mention of this was made in the previous by-law.

Committee on Works and Operations

404	Parking Sites
405	Pedestrian Decks
406	Agreements for Works

407	Quarries
408	Airports
409	Ferries
413	Stockyards
416	Joint Works with Municipalities
418	Granting Aid to Municipalities re public works
421	Flood Protection and Dyking
433	Snow Removal Sidewalks, etc.
451 to 461	Solid Waste, Drainage, Sewers, Drains, Pollution
Part XVI	Streets
Part XIX	Utilities, Transit

In keeping with their position in the organization of the City, the duties of the Winnipeg Rivers and Streams Committee, Parking Authority and the Municipal Hospital Commission are set out in Sections 7, 8 and 9.

PART II
ADMINISTRATIVE ORGANIZATION

The Part dealing with the Administrative Organization is in the same format as the previous by-law.

12(2) The duties of the Board of Commissioners have been abbreviated from that shown in the previous by-law to contain only those specific duties that are not already shown in The City of Winnipeg Act. In other words, if the duties have already been assigned to the Board in the provisions of The City of Winnipeg Act they are not repeated in the By-law

14. The duties and responsibilities of the Computer Services Department have been changed to better reflect their duties.

BY-LAW NO. 4444/86, AS AMENDED

WHEREAS The City of Winnipeg Act provides as follows:

Delegation of powers and duties by council

30(2) Subject to section 99.1 the council may, by by-law, delegate powers or duties to the executive policy committee as it deems fit.

Establishment of standing committee

35. The council may by by-law

(a) estabish standing committees; and
(b) subject to section 99.1, delegate to them or any of them its powers or duties respecting
  (i) the examination of any question
  (ii) the management of any business
  (iii) the execution of specified duties, including the conduct of public meetings and inquiries, or any of those powers or duties.

Appointment of commissioner

45(1) The council shall appoint a commissioner to head up and be responsible for each administrative division established under section 56.1 and the City may enter into a contract with a person who is, or is to be an appointed commissioner, for such period and on such terms or conditions as the council deems fit.

Specific responsibility

52(1) Subject to section 49, specific responsibility for the supervision and operation of an administrative division including each of the departments which comprise that division, shall be assigned by the council to an appointed commissioner, as the council may designate; and the council may prescribe the duties and powers of that appointed commissioner in relation to that division and those departments.

Power to transfer responsibilities

54(2) Subject to the prior approval of the council, the chief commissioner may transfer responsibility for the supervision and operation of any department or service from any of the appointed commissioners to whom it is assigned by the council, to another appointed commissioner.

Establishing departments and administrative divisions

56(1) The council, shall by by-law

(a) establish administrative divisions of the city; and

(b) designate the departments of the city that shall compose each administrative division.

Duties prescribed

56.1(2) The council in the by-law passed under subsection (1) shall describe the duties and responsibilities of each department of the city and each administrative division of the city.

NOW THEREFORE THE CITY OF WINNIPEG, IN COUNCIL ASSEMBLED, enacts as follows:

1. The document attached hereto and marked Schedule "A"and identified by the signatures of the Mayor and City Clerk of The City of Winnipeg, and forming part of this by-law, is hereby approved, adopted and implemented as the political organization and administrative organization of The City of Winnipeg.

2. The document attached hereto and marked Schedule "B" and identified by the signatures of the Mayor and City Clerk of The City of Winnipeg and forming part of this by-law is hereby approved, adopted and implemented as the organization structure of The City of Winnipeg.

3. This By-law shall be known as "The City Organization By-law".

4.(1) This By-law shall come into force on the 4th day of November, 1986.

(2) By-law No. 2071/78 and all amendments thereto are repealed effective the 4th day of November, 1986.

THIS IS SCHEDULE "A"REFERRED TO IN BY-LAW NO. 4444/86 OF THE CITY OF WINNIPEG

PART I

THE POLITICAL ORGANIZATION

CITY COUNCIL

1. The City of Winnipeg Act provides that the powers of the City under the Act shall be exercised by the Council and further provides that Council may delegate its powers and duties to the Executive Policy Committee, any Standing Committee established by Council and, as far as the administration of the City is concerned, to The Board of Commissioners.

2. Where Council receives reports and recommendations on matters described below, the authority to make final decisions on these matters shall rest with Council and shall not be delegated

to any political or administrative level below Council:

(1) all matters requiring the enactment of by-laws;
(2) approval of current and capital budgets and the striking of a mill rate;
(3) prices, rates, fees and charges for all civic services and facilities, except as delegated hereinafter;
(4) approval of the overall civic staff establishment;
(5) appointment of department heads, deputy department heads and commissioners;
(6) approval of contracts between The City of Winnipeg and its organized employees;
(7) general level of public services as identified in the Current Budget;
(8) policies affecting inter-governmental relations, including requests for legislation;
(9) declaration of land surplus to the City's requirements and budget approval of land purchases.

EXECUTIVE POLICY COMMITTEE

3. The Executive Policy Committee shall be established and composed of ten persons including the chairman, the mayor, the chairman of each standing committee, and four members at large in accordance with the authority delegated by The City of Winnipeg Act (Sections 29 to 34) and with the further delegation of authority by Council as follows: (Recent changes to The City of Winnipeg Act require the Mayor to chair the Executive Policy Committee and appoint the Deputy Mayor as a member of Executive Policy Committee.)

(1) the co-ordination and approval for submission to Council of all policy issues and all other matters requiring approval of Council, whether these originate from Standing Committees, Community Committees or The Board of Commissioners.

(2) Ensuring the implementation of all Council policies and directives, whether through the Standing Committees, Community Committees or The Board of Commissioners.

(3) The identification of annual and longer range priorities for the growth and development of the City. Assess and advise Council with respect to any impact of a financial or environmental nature or an impact of any other kind of proposed changes in the Greater Winnipeg Development Plan, as well as other major proposals or policies affecting the development of the City or the urban environment.

(4) Consider and make recommendations to Council on any and all amendments to the Greater Winnipeg Development Plan.

(5) Receive all reports from the Board of Commissioners and/or the Chief Commissioner, with the exception of those reports from the respective Commissioner which deal with matters that have specifically been delegated to one of the Standing Committees.

(6) In accordance with The City of Winnipeg Act, receive, review and recommend to Council the annual capital and current budgets of the City and the Five-Year Capital Program.

(7) Recommend to Council the number, powers and duties of the departments, administrative divisions, and of The Board of Commissioners.

(8) Recommend to Council the names for the appointment of department heads, deputy department heads, and commissioners, including the Chief Commissioner.

(9) Give direction to the Chief Commissioner or The Board of Commissioners on policies relating to the civic personnel, including employee relations, contract negotiations, changes in the civic establishment and related personnel matters.

(10) In consultation with the appropriate Standing Committee, recommend to Council all rates, fees, utility rate structures, and other charges for civic services and facilities.

(11) To deal with all audit matters, except the evaluation of the performance of the City Auditor, and without limiting the generality of the foregoing, shall have the powers and duties;

(a) To consider and report on the City Auditor's annual report to City Council after it has been referred to the Executive Policy Committee by Council.

(b) To receive an executive summary of the City Auditor's reports, other than the annual report to Council, for discussion, information and disposition. Detailed reports will be submitted to the Executive Policy Committee where there are differences in opinion between the City Auditor and the administration. The Executive

Policy Committee would decide on the disposition of these reports, and report to Council.

(c) To approve the appointment of outside consultants which may be required from time to time by the Audit Department.

(d) To consider not only reports from the City Auditor, but also to hear the Administration's opinions, if required, so that everyone would feel that all points of view have been aired and dealt with fairly.

(e) To ensure that recommendations which are made by the City Auditor and adopted by City Council are implemented by the Administration within a reasonable period of time.

(f) To be responsible for recommending to City Council the appointment of outside consultants to perform operational audits and for negotiating the fees for such services in consultation with the City Auditor and the City Treasurer for the approval of City Council.

(g) To meet when required with outside consultants and the City Auditor to discuss problems, if any, and any other matters.

(12) To deal with all matters arising out of Part III of the Act.

(13) To deal with all matters with respect to pension and insurance plans for Council members.

STANDING COMMITTEES

4.(1) There shall be established four Standing Committees of Council as follows, namely:

(a) the Committee on Finance and Administration, which shall consist of six members, including the Chairman,
(b) the Committee on Planning and Community Services, which shall consist of six members, including the Chairman,
(c) the Committee on Protection, Parks and Culture, which shall consist of six members, including the Chairman,
(d) the Committee on Works and Operations, which shall consist of six members, including the Chairman,

to which Council delegates the following powers and duties:

Committee on Finance and Administration

(2) The Committee on Finance and Administration shall have the following powers and duties, namely:-

(a) To consider and report to Council through the Executive Policy Committee on matters arising out of the administration of:
  (i) Section 75 and 75.1 in Part II,
  (ii) Section 106 in Part V,
  (iii) Part VII,
  (iv) Part VIII,
  (v) Part IX,
  (vi) Part X,
  (vii) Section 403 in Part XI,
  (viii) Subsection 414(2) and Section 419 in Part XI,
  (ix) Clauses 434(1)(a) and (j) and Sub-sections 435(b) and (c) in Part XII,
  (x) Part XVII,
  (xi) Section 657, 658 and 661 in Part XXI,

of The City of Winnipeg Act and to exercise such authority as may be delegated to it by Council concerning matters arising out of these Clauses, Subsections, Sections and Parts of the Act.

(b) The approval of settlement of claims against the City up to a maximum equal to the deductible portion of insurance coverage applicable to such claims.

(c) The approval of settlement of claims brought by the City.

(d) The approval of settlement of claims arising out of expropriations.

(e) The making of grants to persons and organizations, other than to those representing cultural and artistic groups, and approval of receptions and awards within the limits of approved budget and in accordance with existing Council policy or as may be established from time to time.

(f) To consider and make recommendations to Executive Policy Committee on the current and capital budgets prepared by the Board of Commissioners, and covering those civic administrative departments which report to the Commissioner of Finance and Administration.

(g) The terms and conditions of the leasing, selling or purchasing of or dealing with land, including the use of air space agreements pursuant to Sub-section 500(e) of The City of Winnipeg Act, by the City within existing guidelines established by Council or as may be established from time to time.

(h) The authority to dedicate City-owned land for street and other public purposes.

(i) To consider matters referred to it by Council, the Executive Policy Committee, or brought before it by the Commissioner of Finance and Administration.

(j) To fix the rates and charges on City-owned, off-street parking facilities.

(k) To consider and make recommendations to Council on the current budget of "the Parking Authority of The City of Winnipeg".

Committee on Planning and Community Services

(3) The Committee on Planning and Community Services shall have the following powers and duties, namely:

(a) To consider and report to Council through the Executive Policy Committee on matters arising out of the administration of:

- (i) Subsections 412(b), 414(1) in Part XI,
- (ii) Sections 428 to 431 inclusive, Clauses 434(1)(b), (c) and (e), Subsections 434(2), (3) and (4), Sections 435.1, 437 to 441 in Part XII,
- (iii) Sections 442 to 450 inclusive in Part XIII,
- (iv) Part XV, and
- (v) Part XX,

of The City of Winnipeg Act and to exercise such authority as may be delegated to it by Council concerning matters arising out of these Clauses, Subsections, Sections and Parts of the Act.

(b) To be the final authority on appeals from the Building Commission.

(c) To consider and make recommendations to the Executive Policy Committee on the current and capital budgets prepared by the Board of Commissioners and covering those civic administrative departments reporting to the Commissioner of Planning and Community Services.

(d) To consider and make recommendations to the Executive Policy Committee on the current budget of the Riverbank Management Committee and to receive and forward to Council through the Executive Policy Committee the recommendations of the Riverbank Management Committee in respect to the making and enforcement of orders under The Rivers and Streams Act.

(e) To consider matters referred to it by Council, the Executive Policy Committee, or brought before it by the Commissioner of Planning and Community Services.

(f) The preparation of conceptual planning in areas of urban development and transportation systems.

(g) The granting of extensions of Board of Adjustment Orders, where those orders specify they may be extended by Council.

(h) Approval of planned building group plans under zoning by-laws and town planning schemes.

(i) Hearing and deciding appeals against orders of the Medical Health Officer.

(j) Hearing and deciding on appeals where an owner deems himself aggrieved by the decision of the city official delegated to administer the zoning by-laws and town planning schemes.

(k) Approvals for the erection of advertising signs pursuant to zoning by-laws.

(l) Approval of street names and building names and numbering.

(m) The preparation of plans for public housing and urban renewal projects.

(n) The preparation of environmental protection standards.

(o) Regarding matters pertaining to the Clean Environment Commission.

(p) Relating to encroachments on City Property.

(q) Approvals pursuant to Zoning By-law No. 348/73 on all blocks of land bounded by St. Mary Avenue, Main Street, Broadway and Edmonton Street.

(r) Approvals pursuant to Zoning By-law No. 348/73 for construction of a NEW building in the "CR" Commercial and Residential District, the "C4" Commercial District and the "CM" Business District in Downtown Winnipeg.

(s) Approvals of the uses listed in Chapter 20 of Zoning By-law No. 16502.

(t) Pursuant to Section 663(2) of The City of Winnipeg Act the power to direct that Variance Orders and Conditional Use Orders granted prior to the coming into force of said Act cease to have effect.

(u) Except as hereinafter otherwise provided, to be the Designated Committee under Part XX of The City of Winnipeg Act and to forward all reports and recommendations to the Executive Policy Committee pursuant to Sections 615(1.1) and 637(17) of the said Act.

(v) To receive and forward to Council through the Executive Policy Committee any matters relating to the Municipal Hospital Commission of The City of Winnipeg.

(w) The exclusive power, as the designated Committee under Section 621 and Section 622.1(6) of The City of Winnipeg Act to hear and determine appeals from zoning variance orders and conditional use orders made by the Community Committee in respect of land covered by The Downtown Winnipeg Zoning By-law No. 4800/88.

Committee on Protection, Parks and Culture

(4) The Committee on Protection, Parks and Culture shall have the following powers and duties, namely:

(a) To consider and report to Council through the Executive Policy Committee on all matters arising out of the administration of:

(i) Sections 410 and 411, Subsections 412(a), (c) and (d), Sections 415 and 417, Sections 424, 425, 426 in Part XI,

(ii) Section 432, Clauses 434(1)(d), (f), (g), (h) and (i), Sections 434(1.1) and 436 in Part XII,

(iii) Part XIV,

(iv) Section 524.1 in Part XVII,

(v) Part XVIII,

of The City of Winnipeg Act, and to exercise such authority as may be delegated to it by Council concerning matters arising out of these Clauses, Subsections, Sections and Parts of the Act.

(b) To accept or reject gifts from the public designated for use in City parks and shall make the final decision as to the location or use of same.

(c) To consider and make recommendations to the Executive Policy Committee on the current and capital budgets prepared by the Board of Commissioners and covering those civic administrative departments reporting to the Commissioner of Protection, Parks and Culture.

(d) To consider matters referred to it by Council, the Executive Policy Committee, or brought before it by the Commissioner of Protection, Parks and Culture.

(e) The making of grants to cultural and artistic groups, in accordance with existing Council policy, within a global sum approved each year by Council.

(f) To set the charge for the distribution of Parks and Recreation Department publications.

(g) Matters relating to Community Centre Boards.

Committee on Works and Operations

(5) The Committee on Works and Operations shall have the following powers and duties, namely:

(a) To consider and report to Council through the Executive Policy Committee on matters arising out of the administration of:

(i) Sections 404 to 409 inclusive, Section 413, and Sections 416, 418, 421 in Part XI,

(ii) Section 433 in Part XII,

(iii) Sections 451 to 461, inclusive in Part XIII,

(iv) Part XVI,

(v) Part XIX,

of The City of Winnipeg Act and to exercise such authority as may be delegated to it by Council concerning matters arising out of these Subsections, Sections and Parts of the Act.

(b) Award of contracts in accordance with existing Council policy.

(c) To be the Traffic Authority of the City as provided in Section 510(1) of the Act.

(d) To finalize agreements for transit shelters and bus loops.

(e) To accept or reject gifts from the public for placement on civic property other than parks.

(f) To consider and make recommendations to the Executive Policy Committee on the operating and capital budgets prepared by The Board of Commissioners and covering those civic administrative departments reporting to the Commissioner of Works and Operations.

(g) To consider matters referred to it by Council, the Executive Policy Committee, or brought before it by the Commissioner of Works and Operations.

Variance, Conditional Use and License Appeal Committee

6.(1) Subject to Clause 4(3)(w) of this By-law there shall be established a Variance, Conditional Use and License Appeal Committee, being the Designated Committee under Section 621 and Section 622.1(6) of The City of Winnipeg Act as well as the License Appeal Committee referred to in Section 4(10) of the License By-law No.

4007/85, respectively, for the purposes of hearing and determining appeals against:

(a) orders made by the Community Committees on applications for variances and conditional uses, and

(b) decisions made by Community Committees on applications for licenses.

(2) The Variance, Conditional Use and License Appeal Committee shall take the form of four separate panels, one for each three month period of the year. Each panel shall be comprised of the Mayor, of the Deputy Mayor as his alternate, and six other members, one from each of the Community Committees, and shall continue as the Variance, Conditional Use and License Appeal Committee until it is succeeded by a panel for the next three months.

(3) Where a member of a panel, other than the Mayor or the Deputy Mayor, for any reason is not in attendance at a meeting of the Variance, Conditional Use and License Appeal Committee, a member of Council may act as an alternate for that member provided both these members are from the same Community Committee.

The Riverbank Management Committee

7.(1) There shall be established a Riverbank Management Committee for the purpose of managing river related issues which usually cross departmental lines and conventional reporting relationships and to provide the political focus necessary for giving direction and ongoing guidance to the City's river related endeavours.

(2) The mandate of the Riverbank Management Committee shall include the responsibility to:

(a) review and recommend changes to Plan Winnipeg river policies, as required;

(b) review and recommend changes to river related legislation; as required;

(c) review and recommend adjustments to the City's riverbank acquisition program and related funding;

(d) promote river related capital projects and programs in both the 5 year capital program and annual budgets;

(e) develop innovative programs for riverbank stabilization of both public and private lands;

(f) prepare reports on an issue by issue basis for the benefit of Council so that it might consider river related issues in an informed and structured manner;

(3) The Riverbank Management Committee shall be comprised of the Mayor, or the Deputy Mayor as his alternate, one member from each of the Standing Committees on Finance and Administration, Protection, Parks and Culture, and Works and Operations; and two members from the Committee on Planning and Community Services, and such appointments, together with appointments of alternate members to act in the place of an appointed member representing the respective Standing Committee, shall be made by Council annually from recommendations for members and alternates from each Standing Committee following the first meeting of each of the Standing Committees of Council after the annual recall of Committees of Council under the Procedure By-law 5400/90, however, initial appointments of alternate members shall be made at the meeting at which this By-law is passed.

(4) Rivers and Streams Permit Committee – A committee shall be established as the working level committee that relates to flow impedance and riverbank stability and shall be comprised of the chairman of the Riverbank Management Committee, one other member from the Riverbank Management Committee to be appointed by the Riverbank Management Committee and the Director of Planning or his designate, which committee shall be called the Rivers and Streams Permit Committee.

(5) Council hereby delegates to the Rivers and Streams Permit Committee its authority under Section 412(3) of The City of Winnipeg Act to consider applications and approve permits under Section 624 of The City of Winnipeg Act.

The Parking Authority of The City of Winnipeg

8. Council hereby delegates to a Committee to be known as "The Parking Authority of The City of Winnipeg" such authority under Section 427 of The City of Winnipeg Act regarding the construction, maintenance, control, operation and management of public parking lots and parking buildings belonging to the City as provided in a by-law to that effect.

The Municipal Hospital Commission of The City of Winnipeg

9. The Municipal Hospital Commission of The City of Winnipeg continued under Section 677 of The City of Winnipeg Act shall manage, control and operate all hospitals owned or controlled by the City as provided in a by-law to that effect.

PART II
ADMINISTRATIVE ORGANIZATION

10.(1) Pursuant to Section 56.1(1) of The City of Winnipeg Act there shall be established five administrative divisions consisting in each case of the departments as hereinafter set forth, with specific responsibility for the supervision and operation of each division assigned to an appointed Commissioner as hereinafter described, pursuant to Section 52(1) of the Act. The five administrative divisions and the departments comprising them are as follows:

(2) **The Chief Commissioner's Division,** comprised of the Personnel Department.

(3) **Finance and Administration Division,** comprised of the following Departments:
  (a) Assessment Department;
  (b) Budget Bureau;
  (c) City Clerk's Department;
  (d) Civic Properties Department;
  (e) Computer Services Department;
  (f) Finance Department;
  (g) Land Surveys and Real Estate Department;
  (h) Law Department;
  (i) Purchasing Department.

(4) **Planning and Community Services Division,** comprised of the following Departments:
  (a) Planning Department;
  (b) Health Department;
  (c) Library Department;
  (d) Social Services Department.

(5) **Protection, Parks and Culture Division,** comprised of the following Departments:
  (a) Ambulance Services Department;

(b) Fire Department;
(c) Parks and Recreation Department;
(d) Police Department.

(6) **Works and Operations Division,** comprised of the following Departments:

(a) Hydro Electric Department;
(b) Operations Department;
(c) Streets and Transportation Department;
(d) Transit Department;
(e) Waterworks, Waste and Disposal Department.

11. Pursuant to Section 52(1), specific responsibility for the supervision and operation of the administrative divisions is assigned as follows:

The Chief Commissioner's Division to the Chief Commissioner;
The Finance and Administration Division to the Commissioner of Finance and Administration;
The Planning and Community Services Division to the Commissioner of Planning and Community Services;
The Protection, Parks and Culture Division to the Commissioner of Protection, Parks and Culture;
The Works and Operations Division to the Commissioner of Works and Operations.

12.(1) The Board of Commissioners shall consist of:

the Chief Commissioner;
the Commissioner of Finance and Administration;
the Commissioner of Planning and Community Services;

the Commissioner of Protection, Parks and Culture; and

the Commissioner of Works and Operations.

(2) In addition to the powers, duties and responsibilities assigned to the Board of Commissioners under the provisions of The City of Winnipeg Act, the Board of Commissioners is hereby delegated the authority for the following:

(a) The responsibility to see that all departments are adequately and efficiently staffed and managed and that the public services provided by the City to its citizens are operated in accordance with the policies of Council and within the limits of the capital and current budgets approved by Council.

(b) The implementation of policies and programs in accordance with Orders of Council and under the general direction of the Executive Policy Committee.

(c) The care, control and maintenance of all property, improvements or works owned or controlled by the City.

(d) Collectively be responsible for the general administration of the City, but for the purposes of supervision of day-to-day management of departments, each Commissioner shall have the responsibility for the administration and organization of administrative divisions specifically assigned to him by Council.

(e) Setting the charges for various publications of the Parks and Recreation Department and to provide other publications of the Parks and Recreation Department free of charge all in accordance with Appendix 1 to the Policy for the Distribution of Parks and Recreation Publications, adopted by Council at its meeting of May 29, 1985.

(f) Recommend to the Executive Policy Committee the names for the appointment of deputy department heads.

(g) Individually, each Commissioner shall have the responsibility for the administration of any matter arising out of the powers and duties of the Committee to which he has been assigned.

13. The Duties and Responsibilities of the Department comprising the Chief Commissioner's Division is described hereunder:

Personnel Department

Responsible for carrying out all duties and responsibilities with respect to the employment of City personnel and all matters related thereto; to conduct negotiations with all City bargaining units on behalf of the City and all matters related thereto; to ensure that training programs are carried out for City personnel.

14. The Duties and Responsibilities of the Departments Comprising the Finance and Administration Division are described hereunder:

Assessment Department

(1) Carry out the assessment function of the City in accordance with Part VII of The City of Winnipeg Act.

Budget Bureau

(2) Responsible to The Board of Commissioners for determining the form and manner of presentation of all annual estimates and expenditures of all departments, services, boards and commissions, and the community committees, and providing The Board of Commissioners with an analysis and evaluation in relation to City policies, programs and management of the annual estimates and all matters related thereto.

City Clerk's Department

(3) Responsible for the maintenance of all Council minutes and official copies of by-laws, resolutions and decisions of Council. The Department is also responsible for the supervision of the conduct of municipal elections held within the City. The Department is responsible for the preservation of original and certified copies of by-laws, and maintenance of lists of City electors. The Department is also responsible for the transmittal of decisions of committees of Council through the proper officials concerned. The Department performs other related duties as required. The Department is also responsible for the maintaining, documenting, storing, or displaying of City historical artifacts and records. The Department provides public information through its Citizen Inquiry Service.

Civic Properties Department

(4) Responsible for direction, monitoring and ensuring control of all staff accommodations; programming, designing and constructing of all building facilities for public use; maintaining, providing security, demolition or removal of all designated buildings; all public parking facilities.

Computer Services Department

(5) Develop, co-ordinate, maintain and control computer systems and maintain data bases for the City as well as provide micro computer facilities and appropriate office automation and data communication environment.

Finance Department

(6) Responsible for the financial administration of the City as enumerated in Section 59(2) of The City of Winnipeg Act; the issuance and servicing of debt; the City's insurance program; the processing of claims, including Workers' Compensation claims; the billing and collection of realty and business taxes; the imposition of local improvement levies and the administration and enforcement of the Licensing, Pound and Weigh Scale By-laws.

Land Surveys and Real Estate Department

(7) Responsible for the conduct of land surveys and the preparation of related plans, maps and records; negotiations respecting the sale of City-owned lands and the purchase of lands for City purposes; the management of City-rented properties and generally all matters relating to land and property dealings by the City.

Law Department

(8) Provides legal services to City Council, all committees, boards and commissions, and departments, and all related duties thereto.

Purchasing Department

(9) Responsible for the purchase of all materials, equipment and supplies in accordance with the tendering and other procedures of the City; the disposal of surplus equipment and supplies, the

operation of a central stationery, book binding, printing and micro-filming service and the pickup and delivery of inter-departmental mail.

15. **The Duties and Responsibilities of the Departments Comprising the Planning and Community Services Division are described hereunder:**

Planning Department

(1) Responsible for the exercising of all the powers and the carrying out of those duties within the limits prescribed and as set forth in Part XV of The City of Winnipeg Act and for the exercising of all the powers and the carrying out of those duties with respect to planning and development of the Winnipeg Area as set forth in Part XX of The City of Winnipeg Act.

Health Department

(2) Responsible for planning, organizing and administering public health services, the prevention of communicable diseases, the regulation and inspection of various food outlets, the supervision of a program of public health nursing and school nursing services and all related public health activities in The City of Winnipeg and in consultation and co-operation with Provincial and Federal authorities.

Library Department

(3) Responsible for providing the citizens of Winnipeg with a variety of print and non-print materials for their informational, cultural, recreational and educational needs.

Social Services Department

(4) Responsible for the technical and administrative supervision and co-ordination of the various phases of the social services program in the City of Winnipeg and for the development of overall administrative policies and procedures for the department as may be established from time to time by Council.

16. **The Duties and Responsibilities of the Departments Comprising the Protection, Parks and Culture Division are described hereunder:**

Ambulance Services Department

(1) Responsible for providing, operating and managing a fully manned emergency and elective ambulance service within The City of Winnipeg in co-operation with other Civic Departments, such service to be called the "Winnipeg Ambulance Service".

Fire Department

(2) Provide firefighting and fire protection services within the City; has jurisdiction in enforcement of The Manitoba Fire Code in matters pertaining to fire protection and fire safety; regulates the storage, handling, conveying or use of inflammable, explosive or otherwise dangerous substances and has jurisdiction in enforcement of matters specified in The Manitoba Building Code.

Parks and Recreation Department

(3) Responsible for the management, operation and maintenance of all parks facilities, recreation facilities and all related matters. The Department is also responsible for the weed control, mosquito abatement, forestry and the operation and maintenance of all municipal cemeteries.

Police Department

(4) Responsible for preserving the peace, apprehending offenders and generally performing all duties that by law devolve upon peace officers.

17. **The Duties and Responsibilities of the Departments Comprising the Works and Operations Division are described hereunder:**

Hydro Electric Department

(1) Responsible for the management, operation and maintenance of The City of Winnipeg Hydro Electric System and all matters related thereto.

Operations Department

(2) Responsible for planning, directing, monitoring and ensuring control of essential public works services of the City, through centralized functions and through the management of the six Districts of the City.

Streets and Transportation Department

(3) Responsible for directing, monitoring and ensuring control of transportation system planning and development, traffic operations and control; design, construction and maintenance of all bridges; design and construction of the regional street system; administration of underground structures function; and designated communications systems.

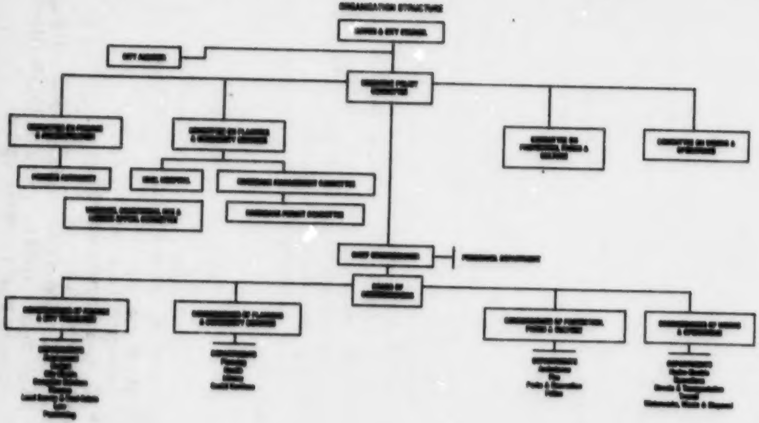
Transit Department

(4) Responsible for directing, monitoring and ensuring control of the planning and operations of the Winnipeg Transit Department.

Waterworks, Waste and Disposal Department

(5) Responsible for directing, monitoring and ensuring control of regional planning and operations of all waterworks, waste disposal, and related facilities and systems of The City of Winnipeg so that these essential services are provided on a continuous and cost-effective basis, at a quality level consistent with established standards.

Administrative Organization—Continued



Proceedings of Council

The council consists of 29 councillors and a Mayor. Each councillor represents an individual ward which provides for effective representation from all areas of the city, while the Mayor is elected by a vote of the city at large. The present Council was elected on October 25th, 1989 and will hold office until the first Tuesday in November, 1992.

Regular meetings of council are held every third Wednesday at 1:00 p.m. If the regular meeting day of Council is a statutory holiday, the meeting is usually held the next day at 1:00 p.m. All regular meetings of Council are held in the Council Chamber located in the Council Building and all are open to the public.

Anyone wishing to speak to the members of City Council as a delegation can do so if he has first notified the City Clerk not later than 4:30 p.m. on the day preceding the Council meeting. Also, the subject matter which he wishes to speak on must be already on the Council agenda.

Fifteen members constitute a quorum for meetings.

Order of Business

1. Minutes: Reading and confirmation of the minutes of the last regular council meeting or any special meeting.
2. Presenting Petitions.
3. Original Communications.
4. Hearing Delegations.
5. Consideration of Reports of the Executive Policy Committee and the Standing Committees, including by-laws related thereto.

6. Inquiries and Reports not related to the jurisdiction of any Standing Committee and announcements.
7. Inquiries and Announcements.
8. Adjournment: The Council meeting continues in session until the agenda is concluded unless two-thirds of the members present shall vote for adjournment and in such case meeting shall resume at 1:00 o'clock in the afternoon on the next following day which is not a holiday.

    Mrs. M. Sheridan, 320 Linwood Street

Representing the Better Business Bureau
    Mr. T. S. Durham, 204-365 Hargrave Street

•

The Winnipeg Rivers and Streams Authority

The Authority was established in the early 1950's in response to a growing concern for uncontrolled construction activities adjacent to waterways within The City of Winnipeg. Many of these activities adversely impacted on the stability of the riverbank and flow characteristics of the waterway. The Authority, which operates under an application and permit system, must be satisfied that any proposed construction or deposition of material within its designated area will not endanger the stability of the riverbank or impede the flow of the river or stream. The designated area consists of that portion of land within 350 feet of the Red, Assiniboine, Seine and LaSalle Rivers as well as Omand's, Bunn's, Sturgeon and Truro Creeks. The spatial jurisdiction of these waterways is confined to The City of Winnipeg boundary.

Councillor D. Demare, Chairperson
Councillor M. O'Shaughnessy

Mr. R. P. Darke, Director of Planning
Mr. D. Kingerski, P. Eng. – Authority
Engineer – 986-5159
Ms P. Wilson – Secretary – 986-3339

The Riverbank Management Committee

The Riverbank Management Committee was established in 1988 for the purpose of providing the political focus necessary for the direction, management and ongoing guidance of river related issues in Winnipeg.

The mandate of the Committee includes: reviewing and recommending changes to Plan Winnipeg river policies, river related legislation; adjustments to the City's riverbank acquisition program and related funding; promoting river related capital projects and programs; developing innovative programs for riverbank stabilization of both public and private lands; and preparing reports on an issue by issue basis for the benefit of Council.

Councillor M. O'Shaughnessy, Chairman
Councillor D. Demare
Councillor E. Gilroy
Councillor D. Timmers
Councillor E. Reese
His Worship Mayor W. Norrie, Q.C.

Winnipeg Parking Authority

Established by City of Winnipeg By-law No. 2054/78 and amendments thereto to supervise the operations and/or leases of parking facilities owned by the City as well as to investigate requirements for parking facilities in the City. Specific duties of the Authority are set out in the By-law. Members are appointed in accordance with the By-law.

Ms Rebecca Rakar
Ms Beverley Sawicki
Mr. N. R. Kasian – Secretary,
  Municipal Hospital Commission,
  One Morley Avenue East.

WINNIPEG ENTERPRISES CORPORATION

The Winnipeg Enterprises Corporation was incorporated on July 26th, 1952, for the purpose of constructing, maintaining and operating such facilities as now exist, namely the Winnipeg Stadium, Winnipeg Arena and Velodrome. On November 5th, 1975, the Corporation was charged with the responsibility of the management and operation of The Highlander Sportsplex facility. The Corporation is carried on without the purpose of gain for its members. Any profits to the Corporation are used in promoting its objectives and no part of the income of the Corporation is payable to, or otherwise available for the personal benefit of any member as such of the Corporation. The City of Winnipeg owns all of the lands on which these facilities stand and leases these lands to the Corporation for the sum of $1.00 per year. By virtue of certain agreements entered into between the Corporation and the City, the City is entitled to require the Corporation at any time on thirty days notice to convey to it all facilities and assets, funds, contracts and undertakings of the Corporation as a going concern and to turn over possession thereof to the City or its nominee without receiving any consideration therefor.

No person serving as a Director on the Board of the Winnipeg Enterprises Corporation receives remuneration for his services.

The seating capacity of the above facilities are as follows, namely:

Winnipeg Football Stadium	33,685
Winnipeg Arena	15,393
Velodrome	3,000

EQUAL EMPLOYMENT OPPORTUNITY PROGRAM

The City of Winnipeg has committed itself to the implementation and development of its Equal Employment Opportunity Program. This program is an employer-initiated action ensuring that recruitment, selection and promotion of all current and future employees is carried out in a non- discriminatory manner. The City's aim is to utilize the best of each employee's potential and to allow the development of his/her career.

The active involvement of management, the support and cooperation of employee organizations and the cooperation of each employee is essential for the success of the program.

FIRE DEPARTMENT

Headquarters – 5th Floor, Public Safety Building, 151 Princess Street

Telephone Numbers –
986-6381/986-4076
Fire Alarm (only) 911

Winnipeg was incorporated as a City on November 8th, 1873, and the concerned citizens of the young community were aware of the ever-growing danger of fire. Other struggling communities had experienced the disaster of fire, and City Council began preparations for fire fighting within the City's boundaries. On January 25th, 1875, a by-law was passed for the organization and management of a fire department. In the meantime some energetic citizens met to form a volunteer brigade, and on September 24th, 1874, G.U. White was elected Chief.

Arrangements were made for the purchase of a lot on Post Office Street, now Lombard Avenue, as the site of the first fire station. On Christmas morning the new fire hall was burned to the ground, destroying the hook and ladder truck, hose and steam pumper. A mass meeting of the citizens approved the purchase of a larger pumper, the original engine was repaired, and the hook and ladder wagon was rebuilt and subsequently sold to Portage La Prairie. A shed on Thistle Street housed the equipment until a new station was built on Market Square. The new fire station was opened January 3rd, 1878.

The Fire Department was officially established by City Council in 1882. May 17th, 1882 saw the volunteers meet to consider disbanding the brigade to form a full-time department. One hundred and fifty applicants sought jobs when City Council met to plan the regular fire fighting force. W. O. McRobie was appointed Chief. There were 36 full-time firefighters, 4 steam pumpers, 3 chemical wagons, 3 horse-drawn hose wagons with 17 horses in service, a hook and ladder wagon, 4 spare reels and 8,700 feet of hose.

In 1899, a new fire station was opened on Albert Street and Bannatyne Avenue, and served faithfully until 1965 when the present No. 1 station on Ellen Street went into operation.

Nothing is more constant than change. The new modern stations do not need the architecturally-handsome tower to dry hoselines. Even the time-honoured red is disappearing. Studies have concluded that lime-yellow is easier to see in poor light conditions. Many North American departments have adopted the new colour although some veterans of the Department are rather wistful about the change.

The Fire Department Today:

The Fire Department consists of 6 branches, with 884 personnel in fire fighting operations. The total department establishment, including both fire fighting and support services, is 954 personnel.

Headquarters:

This branch includes the Department's administration – the Fire Chief, Deputy Chief (Operations), Deputy Chief (Support Services) and Administrative Assistant – necessary for the planning, development, organizing, staffing and controlling of the Winnipeg Fire Department as a whole. Clerical support is assigned the usual office responsibilities such as secretarial, accounting, payroll, statistics, stores and personnel records functions.

The Branch includes five management and thirteen clerical positions. Office hours are Monday to Friday, 8:30 a.m. to 4:30 p.m.

Training Branch:

The Training Branch is located in the Public Safety Building as well, with actual site training being carried out at the training tower, 1350 St. Matthews Avenue. There are six officers in the Training Branch, including the Director and Assistant Director of Training, three Training Officers, and a Safety and Equipment Officer. They operate five days per week, Monday to Friday.

Among other things, the Training Branch is responsible for the selection and training of recruits, and the development and delivery of general and specific training programs to all fire fighting personnel. The Safety and Equipment Officer's role is to develop, promote and maintain safe work practices and conditions, and to evaluate the performance of Fire Department equipment and apparatus.

Fire Prevention Branch:

The Fire Prevention Branch is responsible for the enforcement of fire prevention-related legislation. They inspect buildings within the City and conduct fire prevention programs in clubs, hospitals and other institutions. Inquiries may be directed to 986-6358, Monday to Friday.

Under the direction of the Chief Fire Prevention Officer, 21 personnel are responsible for carrying out this function. Although the branch is centrally located on the 5th floor of the Public Safety Building, 5 fire Prevention Officers work from community fire stations.

Mechanical Services Branch:

This branch is responsible for maintaining and repairing the Department's vehicles and fire fighting equipment. Ten employees work under the Supervisor of Mechanical Services. The branch is located at 1466 William Avenue, and works a five-day week.

Communications Branch:

Under the Fire Communications Officer, the members of this branch are responsible for the emergency dispatch on all alarms. The Communications Branch is located in the Public Safety Building and, of course, runs on a 24-hour basis.

Fire Fighting Branch:

The Fire Fighting Branch specifically provides protection to the citizens of Winnipeg against the hazards and vagaries of life. The Department also provides emergency rescue services at all household, industrial and vehicular accidents when required, as well as an emergency medical First Responder service. Involvement in high angle rescues, water rescues, and hazardous materials incidents has increased over the years.

This division works an average 42 hour week, with a 10 hour day shift and a 14 hour night shift. There are 884 fire fighting staff divided among a four platoon system.

Location of Fire Stations:

No. 1 Fire Station – 65 Ellen Street
No. 2 Fire Station – 55 Watt Street
No. 3 Fire Station – 337 Des Meurons Street
No. 4 Fire Station – 150 Osborne Street

No. 14 Fire Station – 1057 St. Mary's Road
No. 15 Fire Station – 1083 Autumnwood Road
No. 16 Fire Station – 1001 McGregor Street
No. 17 Fire Station – 1501 Church Avenue
No. 18 Fire Station – 5000 Roblin Blvd.
No. 19 Fire Station – 320 Whytewold Road
No. 20 Fire Station – 525 Banting Drive
No. 21 Fire Station – 730 Pandora Avenue West
No. 22 Fire Station – 1567 Waverley Street
No. 23 Fire Station – 880 Dalhousie Drive South
No. 24 Fire Station – 1665 Rothesay Street
No. 25 Fire Station – 701 Day Street

First line fire fighting apparatus at present in service within the Department consists of 29 pumpers, 10 aerials (including a boom snorkel and the Bronto Skylift), 6 rescue vehicles, and 9 Chiefs' automobiles.

In addition to first line fire fighting apparatus, the Department operates support apparatus consisting of two hazardous materials units, one foam unit, one 14,500 litre tanker, an emergency support unit and a water rescue vehicle with Zodiak and outboard. Spare fire fighting apparatus consists of seven pumpers, three aerials and two rescues. Auxiliary service vehicles consist of a mobile shop service vehicle, a gasoline tank truck and a shop truck.

Response to Alarms of Fire:

Normal response to an alarm of fire calls for 2 Pumper Companies, 1 Aerial Ladder Company, 1 Rescue Company and a District Chief's Auto, with a total of 16 officers and firefighters, and a second alarm complement consists of an additional 3 Pumper Companies, 1 Aerial Ladder Company, 1 Rescue Company and 2 Chief's autos with an additional 20 officers and firefighters. The response schedule allows for up to 8 simultaneous alarms in any one district or combination of districts with 15 Pumper Companies and 2 Aerial Ladder Companies still on duty to cover the remainder of the City.

POLICE DEPARTMENT
Public Safety Building, 151 Princess Street

Telephone Numbers:

Emergency Calls – 911
Calls for Service – 986-6220
Enquiries – 986-6247

The Winnipeg Police Department consists of one Chief of Police, three Deputy Chiefs of Police, nine Superintendents, twenty-five Inspectors, fifty-two Staff Sergeants, ninety-three Sergeant I's, one hundred and fifty-five Sergeant II's, and eight hundred and one Constables, making a total of one thousand, one hundred and thirty-nine officers and men. The Police Department works a forty-hour week consisting of three overlapping ten hour shifts daily in uniform operations and two nine hour shifts (07:00 to 01:00) daily in the plain clothes operations.

There are 214 civilian employees in the Department and 46 members of the Corps of Commissionaires assigned to Parking Patrol Duties.

The Police Department maintains the following equipment:

77 (blue and white) patrol cars, 6 Four Wheel Drive (blue and white) Supervisors Vehicles, 2 Four Wheel Drives (parking patrol), 92 (unmarked) patrol cars, 3 Community Relations Vans, 8 Identification vans, 5 vans, 1 Mobile Crime Identification Laboratory, 15 motorcycles, 1 Patrol Wagon, 1 rubber Zodiac, 2 - 17 passenger buses, 3 snowmobiles, 2 All Terrain Vehicles, 11 two-wheel trailers, 1 Mobile Command Vehicle, 1 Bomb Disposal truck, 1 Bomb Disposal Trailer, 1 Underwater Search and Rescue Van, 1 Mobile Breathalyser lab, 1 truck weigh scale, 1 tow truck and 1 pickup truck.

The Department also has the following equipment assigned to the Harbour Patrol:

1 - 12 foot aluminum boat with motor, 1 - 15 foot aluminum boat with motor, 1 - 18 foot Runabout with motor, 1 - 21 foot cabin-type Runabout with motor.

LAND SURVEYS AND REAL ESTATE

The Land Surveys and Real Estate Department is located at 65 Garry Street. It is one of the Central Government Departments under the direction and supervision of the Commissioner of Finance and Administration.

The Department is headed by Mr. P. A. Hamilton, Director.

Its functions are of a service nature and all relate to land. There are four branches within the Department. These are listed below and their titles clearly indicate their functions.

Sales, Development and Property Management
Manager – J. C. Galley,
Telephone – 986-5176

Land Acquisition and Appraisal Division
Manager – J. J. Rogowski,
Telephone – 986-5016

Survey and Mapping Division
Manager – H. Dyck
Telephone – 986-5229

Information and Administrative Services Division
Manager – F. B. Sharp
Telephone – 986-5037

LICENSES

The license year commences on the first day of June in each year and expires the 31st day of May next succeeding, except for Business Licenses in Lieu of Business Tax and Dog Licenses which commence on January 1st and expire on the 31st day of December next succeeding the date of issue.

MUNICIPAL HOSPITAL

The Hospital Commission – The first permanent Hospital Commission was appointed by the City Council under By-law No. 6826 on the 19th of June, 1911, and consisted of three prominent private citizens.

The personnel of the permanent Hospital Commission above mentioned was changed in January, 1917, and made to comprise one member of Council and two private citizens. This was done for the purpose of explaining and expediting such hospital matters as might come before Council from time to time.

In 1921 another change was made, when Council increased the membership of the Commission to five – three Aldermen and two private citizens. On January 1st, 1972, following unification it was deemed advisable to enlarge the commission to eleven members ... Six Councillors and five private citizens. Effective December 6th, 1979, the Commission was reduced to seven members – four Councillors and three private citizens; on November 19th, 1980, the Commission was increased to eight members, four Councillors and four citizens. In 1987, By-law No. 19/72 was changed to expand the Board to fifteen members – two Councillors and thirteen citizen members. At the same time the hospital's by-laws were revised and approved by the Manitoba Health Services Commission. These changes were effected in order that the Board could more appropriately discharge contemporary governance functions.

The regular meetings of the Commission are held at the Hospital on the third Thursday of each month at 5 p.m.

The need for a permanent Commission was occasioned by the prevalence of Scarlet Fever in 1911, when it became obvious that the care and treatment of communicable diseases was a public matter requiring definite hospital control by a responsible body working in co-ordination with the City Health Department.

History of Development – Hospital service as a civic utility dates back to January, 1911, when the old Beath Maternity Hospital, on Bannatyne Avenue, was bought for the care and treatment of Scarlet Fever prevalent at that time.

Then a temporary building was constructed for cases of Pulmonary Tuberculosis on a hospital site which the City had acquired in Riverview and to which the first patient was admitted in June, 1911. Afterwards followed the construction of permanent accommodations for these cases, and in July, 1912, the King Edward Memorial Hospital was ready for occupancy. H.R.H. the Duke of Connaught opened the King Edward Memorial Hospital and laid the foundation stone of the King George Hospital simultaneously on Thursday, the 11th day of June, 1912.

Subsequently the King George Hospital was opened in February, 1914, for the care and treatment of all acute communicable diseases excepting Smallpox, and in October, 1921, the care of Smallpox was also taken over, so that facilities for the care and treatment of all communicable diseases were then available in this group of hospitals.

On November 2nd, 1937, the McKittrick Tuberculosis Clinic, erected from funds bequeathed by the late Martin T. McKittrick, was put in operation although not officially opened until June

1st, 1938, by the Reverend Sister Edith Patricia, daughter of the donor.

Construction was commenced on May 27th, 1947, of a 208-bed institution on the Municipal Hospital grounds, to provide hospital care for chronically ill patients and by Royal assent was named the Princess Elizabeth Hospital. On December 15th, 1950, the first patients were admitted for treatment.

With the intensive preventative measures of the Tuberculosis control campaign showing remarkable results and aided by the discovery of new antibiotics, it was found unnecessary for the City to continue to remain in this treatment field and effective July 1st, 1954, this service was transferred to the Sanitorium Board of Manitoba and the King Edward Memorial Hospital was replanned to provide more chronic beds to release the pressure on the Princess Elizabeth Hospital.

Renovation was commenced on November 15th, 1954 and completed late in 1955. As a result of this replanning, 124 additional chronic beds were available for use early in 1956.

The capacity in the King George Hospital for the treatment of acute communicable disease, including the area respirator centre, was also adjusted in 1955 to provide for new Administrative offices, and beds available were reduced from 200 beds to 171.

On December 31st, 1967, the Infectious Disease Service was terminated here due to the very low incidence of acute-communicable diseases. By agreement reached with all area hospitals, future hospital requirements will be met by dispersing patients to special facilities established on the Uni-

City area acute service wards. This method of care has been endorsed by the City of Winnipeg as well as the Province of Manitoba health authorities.

As a result of this change in policy a reappraisal of beds available for treatment purposes was made and the following is the revised capacity of all three units.

King George Hospital (Respiratory, Rehabilitation and General Medicine)	79 beds
King Edward Memorial Hospital (General Medicine)	88 beds
Princess Elizabeth Hospital (Palliative, Oncology, Respiratory, Geriatric and General Medicine)	152 beds
	319 beds

These can be further broken down as follows:

General Medicine	150 beds
Respiratory	41 beds
Geriatric Medicine	60 beds
Rehabilitation	19 beds
Palliative/Oncology	49 beds
	319 beds

A Home Care Program established as a trial project in mid 1965, proved to be a success and now functions as an organized department.

To complement the Home Care Program, a Day Hospital Service was organized. In September, 1983, a free standing Day Hospital was opened to provide services to the community. Approximately 125 patients per week attend for treatment.

Municipal Hospital—Continued

The hospital is funded by the Province of Manitoba through the Manitoba Health Services Commission.

Standardization – In the scheme of standardization of hospitals, promoted and conducted by the American College of Surgeons, these hospitals were in the first group of special hospitals to be approved and certified by that body in 1924.

With the formation of the Joint Commission on Accreditation of Hospitals in 1953, sponsored by the American College of Physicians, American College of Surgeons, American Hospital Association, American Medical Association, these hospitals were among the first examined by the few field inspectors and all three institutions were fully approved. In 1955 and again in 1958 a re-inspection was made with the same results. On January 1st, 1959, a Canadian Council on Hospital Accreditation came into being and since 1961 these hospitals have been regularly inspected and fully accredited.

Environment – Located in a 34-acre park, triangular in shape, with the Red River forming the base of the triangle, the hospital site is one of the beauty spots of Winnipeg. It is served by bus service right to the gates.

Service Record – The service record for the past six years is as follows:-

Year	Number of Completed Treatments	Days Treatment
1985	672	119,233
1986	770	115,906
1987	883	112,363
1988	775	109,178
1989	890	109,911
1990	835	97,230

Per Capita Cost – The gross cost per patient per day since 1985 is as follows:–

Year	
1985	181.07
1986	196.10
1987	213.25
1988	229.95
1989	246.75
1990	252.87

1 Morley Avenue, R3L 2P4, Telephone 452-3411

THE PARKS AND RECREATION DEPARTMENT

Historical

The year was 1893 and Winnipeg was fast becoming more than just a stopping off spot for new Canadians who were about to settle in this country of ours.

It was on February 1st, 1893, that the first Winnipeg Parks Board was established by an order of Council, and its initial Chairman, Mr. E.L. Drewery, wrote at the time . . . "A series of parks which could prove not only educators of a higher taste and admiration of nature, but prove of much practical utility for all citizens . . . Well kept parks are without question refining and civilizing factors, and to restrict their reasonable development or proper maintenance is decidedly a short sighted policy."

From that early beginning, today's Parks and Recreation Department continues to serve the public's needs.

The attractive and interesting appearance of Winnipeg parks reflect the coordinated efforts of the Parks and Recreation Department staff.

Winnipeggers and visitors to our City can enjoy the beauty and charm afforded by the 3,258 hectares (8,044 acres) of park lands every day of the year. Included in this total are major regional parks such as Bonnycastle, Bunn's Creek, Centennial, Blumberg, Heubach, King's, Kil-cona, Lyndale Drive, Whittier, Sturgeon Creek, Munson, Caron, Crescent Drive, Churchill Drive, Assiniboine, La Barriere, St. Vital, Kildonan, Maple Grove, Fraser's Grove, Little Mountain, Westview, along with neighbourhood parks and playgrounds, municipal golf courses, community centres, athletic fields, thirteen indoor pools, nine outdoor swimming pools and eighteen indoor arenas. Over 72.60 kilometers (44 miles) of riverbank on Winnipeg's three major rivers afford public access to one of the City's greatest natural assets.

The Department has 785 permanent employees on staff. This figure increases to nearly 1,500 with the addition of summertime/part-time staff. In 1990, the department controlled an operating budget of $62,247,072.00 with revenues totalling $4,600,000.00, as well as administering a capital budget of $7,990,000.00. The Parks and Recreation Department is comprised of four divisions – Regional Parks and Operations Division; Planning and Development; Recreation and Community Parks; and Staff and Financial Services.

REGIONAL PARKS AND OPERATIONS DIVISION

This division is responsible for the operation and maintenance of all major parks, regional street boulevards, residential street boulevard trees, riverbanks, bridge interchanges and other City properties, Weed Control, Insect Control, Forestry, Cemeteries, Floriculture, Park Security and the Assiniboine Park Zoo, and the five Municipal Golf Courses.

Regional Parks Branch

Over 2,119.4140 hectares (5,237.3335 acres) of "regional parks" providing services, facilities and attractions of a City-wide appeal, ranging from the spacious Assiniboine Park with its first-class Zoo and attractive Conservatory, to the 286.67 hectare (708.38 acres) wilderness of the Assiniboine Forest, can be found in Winnipeg's Parks and Recreation System. Regional Parks are generally defined as being over 6 hectares (15 acres) in size, and activities enjoyed by park visitors are as varied as the facilities themselves.

Skating areas and toboggan slides can be found in many regional parks, and they continue to attract ever increasing numbers of people. The major parks are also being used for snowshoeing, hiking and particularly cross-country skiing, bike-a-thons and cross-country running events. Boat launch ramps located at Crescent Drive Park, St. Vital Park and at the North Perimeter Bridge and Maple Grove Park provide access to the Red River for boating enthusiasts.

The "natural" park areas are attracting a great deal of attention as they offer Winnipeg residents an opportunity to enjoy and learn about the natural history of the area "right at home". LaBarrier Park and Little Mountain Park offer summer and winter activity areas on the south and north perimeters of the City.

Bicycling on the specially designed bicycle paths give many hours of enjoyment to young and old alike. A 6.90 kilometre loop winding along the banks of the Assiniboine River and cutting through the adjacent Assiniboine Forest, the 0.72 kilometre Bonivital Bicycle Path located in the southeast section of the City, and the Churchill Drive Path which follows the contour of the Red River for a distance of 2.8 kilometres located near the St. Vital Bridge on Osborne Street South, provide enjoyable scenery for cyclists.

Assiniboine Park

Assiniboine Park has many attractions including the Conservatory, which was viewed by an estimated 403,250 visitors last year. Special floral displays featuring the "Chrysanthemum Show" in November, the "Christmas in Color Display" mid-December to mid-January, and the "Easter" and "Springtime" Flower Show are enjoyed by many visitors. Many local art groups are given an opportunity to display their members' artistic talents in the Conservatory throughout the year.

During the summer season, the English Garden and the large formal gardens located in the south-east section of the park, are two favorite beauty spots that attract thousands of visitors. Other popular features in Assiniboine Park include the well maintained cricket and field hockey area, and located just west of the familiar pavilion is the miniature train that provides a steam train ride experience for young and old alike. Picnic areas and play fields scattered throughout the park offer small or large groups the ideal setting for their annual summer outings. Many park visitors also pause to watch the graceful movements of the ducks in the duck pond located opposite the English Garden. The winter season in the park offers a variety of activities including: Tobogganing, skating on the duck pond, cross-country ski trails, sleigh rides and snowshoeing; and a heated shelter located beside the skating pond is provided for the comfort of park visitors.

Assiniboine Park Zoo

The Assiniboine Park Zoo is located within the park and can be described as a zoological garden in the true sense of the word. The grace and beauty of 1,122 mammal, bird and reptile specimens, representing 251 species, has been blended in with well planned landscape architecture.

The climate controlled Tropical House is an ecological indoor/outdoor exhibit of tropical mammals, birds, as well as reptiles.

Kildonan Park

Another popular regional park is Kildonan Park (98.2 acres) located in the Lord Selkirk-West Kildonan Community. It is set amid some of the oldest and largest trees in Manitoba, and it is the home of Rainbow Stage – Canada's only major outdoor theatre. Professional productions of full scale Broadway musicals for the entire family have been a summertime attraction for the past 37 years. A modern pavilion provides snack and dining facilities, and serves also in the winter months as a change and warm-up area for the extremely popular skating pond and toboggan slides. During the summer, the romantic setting of Peguis Pavilion's surroundings are used as a background for countless wedding photographs.

Other features in Kildonan Park are an outdoor Olympic-sized swimming pool, a wading pool, the Grimm's Brothers fairytale house in the appropriate mysterious setting, picnic facilities, ball fields, playgrounds, several historic monuments, as well as a formal garden.

Golf Courses

In 1990, 298,655 golfers paid to play golf on the City's five excellent municipal golf courses – John Blumberg, Kildonan Park, Windsor Park, Crescent Drive and Harbour View.

Cross-country ski trails located on golf courses, as well as in the major regional parks, are groomed for the public's convenience. The ski trail on the Windsor Park Golf Course is lighted for the benefit of night time skiers.

Note: for location and description of Municipal and other golf courses, please see section "Golf Courses".

Weed Control Branch

The Weed Control Branch is responsible for carrying out an inspection, enforcement and weed control program on all properties, as outlined in The Manitoba Noxious Weeds Act and The City of Winnipeg Act.

Controlling aquatic weeds has also become an increasingly important function of the Weed Control Branch over the past few years. Control is achieved by treating the lakes and shorelines with herbicides, registered under The Pest Control Product Act.

Sterilizing programs for general vegetation are carried out on narrow boulevards, back lanes, private and public parking lots in the downtown core area of the City.

Insect Control Branch

The control of major urban insect pests affecting people and property in The City of Winnipeg is the responsibility of the Insect Control Branch. As part of the City's ongoing Elm Bark Beetle Control Program, basal spraying of approximately 89,412 Elm trees was completed in 1990. Research activities centering on learning more about the distribution of the native and smaller European Elm Bark Beetles, which are the primary vectors of Dutch Elm Disease, are an ongoing function of the branch. Larviciding and fogging as required are also controlled and performed by the Branch for the benefit of the total community. The Insect Control Branch provides a telephone public information service on all aspects of insect identification and control measures for the general public.

Forestry Branch

Winnipeg is renowned for its many magnificent tree-lined boulevards, parks and other public areas. To maintain and enhance the aesthetic and functional appearance of public trees, the Forestry Branch is responsible for all phases of urban forestry management with prime focus on Dutch Elm Disease (D.E.D.) Control, boulevard tree pruning and planting.

Cemeteries

The Parks and Recreation Department operates three cemeteries: Brookside, a 76.14 hectare (188 acre) site located at 3001 Notre Dame Avenue; Transcona, 18.225 hectare (45 acre) operating near the intersection of Dugald Road at the Perimeter Highway; and the 14.985 hectare (37 acre) St. Vital Cemetery south of St. Vital Park near Bishop Grandin Boulevard.

PLANNING AND DEVELOPMENT DIVISION

This division, which provides services to the entire department, is composed of the following branches – the Planning and Design Branch, the Facilities Construction and Maintenance Branch; Site Development; Marketing and Public Relations; and the Strategic Planning Branch.

Planning and Design Branch

The branch provides planning and design services to the Parks and Recreation Department, other civic Departments and various external agencies. These services include surveying, drafting, landscape planning and site design. The branch also reviews land development proposals for adherence to Departmental policies, monitors the performance of land developers for compliance with development agreements and negotiates joint agreements with other agencies for the shared use of parks and facilities.

Facilities Construction and Maintenance Section

The Facilities Construction and Maintenance Section provides maintenance services for buildings and facilities in regional parks and cemeteries, at the Assiniboine Park Zoo, Rainbow Stage, and in support of the Insect and Weed Control Programs. Maintenance services include structural, mechanical (plumbing, heating, ventilation and air conditioning) and electrical services. The section maintains playstructures, fountains, fencing, roads, pathways, parking lots, lighting, and sewer, water and irrigation systems.

The section is responsible for the design, plan review and inspection of new buildings and facilities, and represents the department in the Partners for Progress Program.

The section also administers the Department's two way radio system and operates workshops to satisfy, on a competitive basis, the department's needs for the manufacture and repair of signs, cabinetry and steel structures.

Site Development Section

The Site Development Section supervises the implementation of landscaping projects undertaken by contractors on behalf of the Department, by developers and by other departments. Staff review, provide technical advice, approve and inspect landscaping projects. In addition, the section operates the Normand Nursery which provides stock to the Department and provides tree pruning and snow clearing services in support of other Department programs.

Marketing and Public Relations Branch

The Marketing and Public Relations Branch is responsible for developing programs to encourage participation in programs and use of facilities operated by the department. Activities include research to learn what park and recreation services Winnipeg residents want, assistance to staff in the design of programs to service customers effectively, and public relations to inform residents about the services of the department.

Strategic Planning Branch

The Strategic Planning Branch develops and administers the department's long range strategic plan, which entails defining goals and objectives, preparing action plans and evaluating results.

Major activities include research on community needs, the forecasting of trends that will have an impact on parks and recreation programs, the evaluation of current services, facilities and programs, and the administration of the department's Policies and Procedures Manual.

STAFF AND FINANCIAL SERVICES DIVISION

A complete coordinated operation in relationship to both accounting and personnel services for the Department is maintained by the Staff and Financial Services Division.

RECREATION AND COMMUNITY PARKS DIVISION

This division is responsible for the delivery of recreation programs and operation of all community facilities, as well as regional recreational facilities. The division is comprised of seven administrative units.

Community Parks and Recreation Branches

There is one of six branches located in each Community Committee area, and the services they provide include: Recreation programming; the operation of all pools; arenas; the maintenance of all local parks, and all other community oriented Parks and Recreation functions.

Regional Recreation Services Branch

The seventh unit, the Regional Recreation Services Branch, is responsible for co-ordination of city-wide program services, the Pan Am Pool, the Sargent Park Pool and Recreation Complex, the Living Prairie Museum and the Harbour View Recreation Complex.

This unit also provides specialized consultation in aquatic, adaptive and special programs, sports, fitness and interpretative services.

Pan Am Pool

The Pan Am Swimming Pool, located at 25 Poseidon Bay between Grant and Taylor Avenues, was completed for use in the Pan-American Games held in Winnipeg in 1967. One of the largest indoor bodies of water in the world, it is the aquatic capital of Canada. The 22.86 metre (75 foot) by 68.58 metre (225 foot) pool features a movable steel bulkhead which separates the teaching section from the swimming and diving sections when locked into place. The building also houses the Aquatic Hall of Fame and Museum of Canada. Public swimming is available 6:00 a.m. - 9:00 a.m. Monday to Friday; Mondays, 12 noon - 5:00 p.m.; Tuesdays, Wednesdays and Thursdays, 12 noon - 5:00 p.m. and 8:00-10:00 p.m.; Fridays, 12 noon - 9:00 p.m.; Saturdays, 12 noon - 5:30 p.m.; Sundays, 9:00 a.m. - 5:30 p.m.

Users in the learn-to-swim, fitness and special programs, and public swim programs totalled 262,000 in 1990. The pool continues to host numerous Provincial, Canadian and International Aquatic Events.

Sargent Park Pool and Recreation Complex

The Sargent Park Pool and Recreation Complex is situated on the corner of Sargent Avenue and Wall Street, on an 8 hectare (20 acre) athletic site just ten minutes west of Winnipeg's downtown section.

The 50 metre (164 foot) by 15.24 metre (50 foot) pool is wide enough for seven racing lanes, and can be divided into three separate pools with two 15.84 metre (52 foot) aluminum bulkheads accommodating several programs at the same time. Diving, speed swimming and instructional swim classes can be carried out at the same time by dividing the pool into three depth areas.

Alternatively, water polo, synchronized swimming and recreational swims can be programmed simultaneously in the three areas of the pool.

The complex has full access to wheelchair users as participants to all facilities on the main floor and for spectators by ramp to the second floor viewing area. Top athletes training on a rigorous schedule or the weekly recreation swimmer can use the attractive mixed sauna to relax and enjoy after a workout or casual swim. An indoor track is also available for physical fitness programs and workouts.

Thirteen asphalt tennis courts, seven shale tennis courts, two regulation lawn bowling greens, a six lane shale 400 meter oval track, which converts to Western Canada's finest speedskating track for the winter season, are provided.

Living Prairie Museum

The 10.26 hectares (26 acres) of undisturbed prairie, is located at 2795 Ness Avenue in the western section of the St. James-Assiniboia area and is one of the last large urban tracts of tall prairie grass left unploughed in North America. Guided interpretive tours of the prairie are conducted throughout the summer.

Winter nature-oriented programs, including interpretive ski hikes, are provided.

Zoo Classroom

The Zoo Classroom at Assiniboine Park Zoo, 2355 Corydon Avenue, is where people of all ages are brought closer to animals through education and understanding. Almost 7,000 children each year find out about zoo animals and themselves through the zoo education program. For more information about the zoo education tours and summer zoo daycamp, call 888-9214

Indoor Arenas

In addition to the many natural outdoor ice rinks, pleasure skating, instructional skating, hockey and ringette activities are accommodated at eighteen indoor facilities. Admission rates for public skating for children is 55 cents, 5 strip tickets for $2.05 and a season ticket is $8.00. Students and senior citizens single admission is $1.00, 5 strip tickets for $3.75 and a season ticket is $15.00. Adult single admission is $2.00, 5 strip tickets for $7.50 and a season ticket is $30.00.

City Centre-Fort Rouge:
  Pioneer Arena, 799 Logan Avenue – 775-3965
  Sargent Park Arena, 1111 Wall Street – 772-1908

St. James-Assiniboia:
  Kinsmen-Allard Arena, 80 Allard Avenue – 885-6824
  St. James Civic Centre, 2055 Ness Avenue – 885-7562
  Vimy Arena, Hamilton Avenue and Vimy Road – 837-8914

Lord Selkirk-West Kildonan:
  Keewatin Arena, 709 Keewatin Street – 632-0204
  Old Exhibition Grounds Arena, 80 Sinclair Street – 589-2005
  West Kildonan Memorial Arena, 346 Perth Avenue – 338-2904

East Kildonan-Transcona:
  Terry Sawchuk Memorial Arena, 901 Kimberly Avenue – 668-3986

River East Arena, 1410 Rothesay Street – 668-7039

Roland Michener Arena, 1121 Wabasha Street – 222-9062

St. Boniface-St. Vital:

Bertrand Arena, 294 Bertrand Street – 237-7075

Maginot Arena, 910 Maginot Street – 237-4394

St. Vital Centennial Arena, 580 St. Anne's Road – 253-4116

Assiniboine Park-Fort Garry:

Century Arena, 1377 Clarence Avenue – 453-0402

Eric Coy Arena, 535 Oakdale Drive – 837-1090

Grant Park Arena, 500 Nathaniel Street – 452-3049

Sam Southern Arena, 625 Osborne Street – 475-6762

Swimming Pools

Recreational swimming or competitive swimming, along with a wide variety of aquatic oriented classes such as: Diving, lifesaving, aquacises, skin diving, canoeing, synchronized swimming, fitness for all age groups, are just a sample of the varied aquatic activities available at swimming pools operated by the Parks and Recreation Department. During 1990, many of the swimming pools also offered the C.P.R. (Cardio Pulmonary Resuscitation) Lifesaving Course to individuals and company sponsored classes.

Many pools have special features built in for the added enjoyment of their patrons. Bonivital Pool, for example, has a whirlpool set at a constant 105 degrees, which enables pool users to relax tightened muscles. The Seven Oaks Pool offers a 5 meter diving tower, which allows divers the opportunity to participate in yet another aquatic activity.

General admission for swimming is: Children, 12 years and under, 85 cents per time, or 5 tickets for $3.20; senior citizens can swim for $1.60 or 5 tickets priced at $6.00; students – 5 tickets for $6.00, or $1.60 per occasion; and adult, 18 years and over, rates are $3.20 per time, or 5 tickets for $12.00.

Winnipeg swimming pools are located in every community area of the City:

City Centre-Fort Rouge
Sherbrook (indoor), 381 Sherbrook Street – 786-8475
Sargent Park Pool (indoor), 999 Sargent Avenue – 783-7111
Eldon Ross (indoor), 1887 Pacific Avenue – 632-4168

St. James-Assiniboia
St. James Centennial (indoor), 644 Parkdale Street – 832-1348
St. James Civic Centre (indoor), 2055 Ness Avenue – 986-3355

Lord Selkirk-West Kildonan
Centennial (indoor), 90 Sinclair Street – 589-5373
Seven Oaks (indoor), 444 Adsum Drive – 633-8023

Lions Pool (outdoor) – Pembina Highway and Dowker

Westdale Pool (outdoor) – 550 Dale Blvd.

Recreation Programs

Winnipeg citizens can enjoy the use of 173 summer playgrounds and 90 community centres.

Programs include: Supervised play opportunities, men's and women's athletic activities, youth and adult sports instruction classes in golf, tennis, badminton, yoga, wrestling, as well as social and cultural events for all age groups.

The Parks and Recreation Department maintains football and soccer fields, baseball and softball diamonds, lawn bowling greens, field hockey and cricket areas, and tennis courts for organized as well as for unstructured activities.

The downtown beautification of Winnipeg is another responsibility of the Parks and Recreation Department. Portage Avenue and Main Street with their tree lined boulevards and multicoloured flower planters add a touch of beauty to these busy thoroughfares during the summer season. By mid-November of each year, brightly coloured Christmas trees and wreaths decorate the same streets, as the department in co-operation with Winnipeg Hydro adds beauty and brilliance to the festive season. In addition, a 10.66 meter (45 foot) high decorated Christmas tree is placed at the Civic Centre.

Civic Properties Department

The Civic Properties Department consists of the Development Division, the Building Services Division, the Administration Division and the Pantages Playhouse Theatre.

The Administration Division is responsible for providing the secretarial and stenographic services, administrative services, systems and accounting services; and is responsible for the administration of all City owned off street parking facilities under the jurisdiction of the Winnipeg Parking Authority; for food service facilities in designated buildings; for the management of vacant City property pending the finalization of the Department's reorganization; and for the interim securing and/or removal of services for all buildings so authorized by the appropriate authority.

The Development Division is responsible for all aspects of the development of accommodations (including departmental locations, space allocations, renovations, furniture selection, acquisition and allocation, office decorating) as well as assuming overall responsiblity for the leasing of civic accommodations; for the programming, designing and implementing of the construction of designated civic buildings and related facilities; for the provision of technical and professional design and consulting services to other departments operating buildings; and for the demolition of all buildings so authorized by the appropriate authority.

The Building Services Division is responsible for the provision of structural, electrical and mechanical maintenance; the provision of operational, custodial and security services for designated buildings including the pedestrian walkways under the direct control of the Department; and the provision of electronic monitoring and control of selected buildings.

The Pantages Playhouse Theatre provides the people of Winnipeg and Manitoba with a place to be entertained through the production of stage plays, films, concerts, lectures, church rallies, conventions, and sales promotions of new items of merchandise that are available on the market.

WORKS AND OPERATIONS

The Works and Operations Division is made up of five Departments – Winnipeg Hydro, the Operations Department, the Streets and Transportation Department, the Transit Department and the Waterworks, Waste and Disposal Department.

The overall operations of this Division are directed by the Commissioner of Works and Operations with a Director in charge of each of the Departments. The organization structure is intended to centralize those functions best carried out on a regional basis, while at the same time providing for responsive delivery of local services through the six Districts of the Operations Department.

Winnipeg Hydro

Departmental Organization

The Department has six divisions, with a total staff of 642. The **General Manager's Division** is responsible for the overall management and direction of the Department. Included in this Division are the Public Relations and the Safety Branches.

The Business Operations Division is responsible for the Department's accounting and personnel functions and for customer related services, including meter reading, billing and collections. This Division has five branches: Accounting, Personnel, Customer Services (includes Rental and Services Section), Customers' Accounts and Credit. This Division is also responsible for the financial administration of the Power Agreement with Manitoba Hydro and for conducting research related to the Agreement and other financial, administrative and economic studies of the Department.

The **Design and Planning Division** is responsible for design and planning engineering activities for the expansion of the energy supply network. Divisional activities include system planning, electrical design and computer programming in such areas as joint studies with Manitoba Hydro on additional interconnections, preparing energy and peak demand System Load Forecasts, and developing system capacity improvements (new substations and upgrading existing facilities and equipment).

The **Distribution Division** is responsible for the supply of electrical service to the customer through the overhead and underground electrical distribution systems and the street lighting system. Divisional Branches are: Distribution Engineering, Distribution Maintenance, Overhead (includes Street Lighting Maintenance Section), Underground and Meter Branch.

The **Generation Division** is responsible for the operation of the Utility's two hydro-electric power plants. The Power Plants Branch includes the Mechanical, Operating, Electrical and Services Sections.

The **System Operations Division** is responsible for controlling and coordinating the transmission of electricity generated by the power plants and the operation of the Utility's 24 substations within Winnipeg. Branches of this Division are: Operating Engineering (includes Station Testing Sections), Transmission and Substation Operations, Garage, Stores and Substation Maintenance.

History

City Council on May 29th, 1906, decided to submit to the Winnipeg ratepayers By-law No. 4138 for the expenditure of $3,250,000.00 on a municipally-owned hydro-electric plant on the Winnipeg River. On June 28th, 1906, the By-law was approved by a vote of 2,382 for, 382 against. On July 9th, 1906, Council formally enacted the by-law.

Prior to 1906, electricity from a privately-owned steam plant had been supplied at 20 cents per kilowatt hour for lighting and a proportionately high rate for commercial use. When on June 16th, 1906, power became available from the private company's hydro-electric plant at Pinawa, the rates were cut in half – still greatly in excess of the rate of 3 1/3 cents per kilowatt hour which had been promised in the City's prospectus for this new venture in municipal ownership.

The power site which was selected was at Pointe du Bois Falls on the Winnipeg River, 77 miles north-east of the City, for which a lease was obtained from the Dominion Government, renewable at 20-year intervals in perpetuity. Development work was carried out through the engineering firm of Smith, Kerry and Chace, the main construction contract being let to the John Gunn Company. The initial development was successfully completed in October, 1911, to usher in a period of low cost power which has gained Winnipeg world wide recognition as a leader in the use of electricity for domestic purposes.

Growth of load required additions to the Pointe du Bois plant until its full capacity of 105,000 turbine horsepower was reached in 1926. However, prior to this time the need of assuring at all times the supply of power to essential services in Winnipeg was recognized, and in 1924 a steam turbine powered standby plant was brought into service, located within the City on Amy Street. For reasons of economy, the plant was combined with a district or central steam heating system for the downtown commercial area.

In 1928, the ratepayers passed with a record majority, a by-law authorizing an expenditure of $6,500,000.00 for the initial development of a hydro-electric plant at Slave Falls on the Winnipeg River. The first two 12,000 horsepower turbine generator units, and two 66,000 volt transmission lines to Scotland Avenue Station, Winnipeg, were placed in service in September, 1931. From time to time additional units were added, until in 1948 the eighth and final unit was placed in service for a total installed turbine capacity of 96,000 horsepower and the two transmission lines were converted to 132,000 volts. This represents the full development of this site.

On June 30th, 1990, the Amy Street Steam Plant was removed from service permanently. The plant was no longer required to provide standby electrical generation due to interconnections with Manitoba Hydro and the closing coincided with the planned shut down of the District Steam Heating System.

Power Distribution Reorganization

In 1949, the Province of Manitoba created the Manitoba Hydro Electric Board whose main responsibility was to be the development and generation of electric power in Manitoba. In 1953, the

Manitoba Hydro Electric Board purchased the private utility, the Winnipeg Electric Company, to obtain control of its hydro-electric plants and transmission systems. Subsequently, the Manitoba Hydro Electric Board, the Winnipeg Hydro and the Manitoba Power Commission (the utility which served rural Manitoba prior to April 1st, 1961) entered into negotiations regarding the disposition of the former Winnipeg Electric Company's distribution system in the City and Greater Winnipeg.

An agreement was entered into, as at April 1st, 1955, whereby the Winnipeg Hydro would serve all electric power consumers within the then boundaries of the City of Winnipeg. As part of the agreement, Winnipeg Hydro's distribution properties and customers outside Winnipeg (mainly in Transcona, Brooklands, East and West Kildonan) were turned over to the Manitoba Power Commission. Within the City of Winnipeg, Winnipeg Hydro took over properties valued in excess of $7,000,000.00 and approximately 18,000 additional customers. At the same time a second agreement was entered into, providing for Winnipeg Hydro and the Manitoba Power Commission to buy electricity from the Manitoba Hydro Electric Board at cost. This agreement was extended in June, 1959 for a further three years to March 31st, 1964.

The amalgamation on April 1st, 1964, of the former Manitoba Power Commission, with the Manitoba Hydro Electric Board carried the requirement that all previous agreements, including that providing for the sale of electricity to Winnipeg Hydro, be continued unchanged.

As of April 1st, 1964, the City of Winnipeg and the Manitoba Hydro Electric Board entered into a new Power Sale Agreement extending the basic principles of the original statement for a further ten years to March 31st, 1974. In 1973 the agreement was again extended to January 7th, 1977. Late in 1976 a new five year agreement was entered into with Manitoba Hydro. That agreement again extended the basic principles of the original agreement to November 30th, 1982. During 1981, City Council approved another extension which remained in effect until November 30th, 1984. On October 15th, 1986 City Council approved revisions to the Agreement which are retroactive to December 31st, 1984 and would continue in effect until March 31st, 1990. Negotiations with Manitoba Hydro are proceeding to extend the agreement once again.

On August 1st, 1973, Winnipeg Hydro and Manitoba Hydro established and introduced an equal rate schedule for the sale of electrical energy to consumers throughout the City of Winnipeg. Under terms of this rate agreement, the City of Winnipeg reserves the right to review all rate changes proposed by the Province, as does the Province should changes be proposed by the City.

Power Plants

Pointe du Bois, the first power development, is situated on the Winnipeg River at Pointe du Bois, Manitoba, 77 miles in a direct line northeast of Winnipeg and 26 miles by all-weather highway east of Lac du Bonnet. The plant contains sixteen horizontal shaft main units operating under a nominal head of 46 feet and having a total capacity of 105,000 H.P.

Slave Falls, the second power development, contains eight vertical shaft turbine units totalling 96,000 shaft horsepower, the nominal head of water being 30 feet.

Transmission Lines

Power is transmitted from Pointe du Bois to Winnipeg over four 66,000 volt transmission circuits erected on two steel tower lines on a right-of-way routing which is almost a straight line between Lac du Bonnet and Winnipeg. The crossing with No. 44 Highway is about four miles east of Garson, Manitoba. The Slave Falls power is transmitted over two 132,000 volt circuits on a single line of steel towers located considerably south of the Pointe du Bois lines, crossing No. 44 Highway southeast of Whitemouth, then generally following the G.W.W.D. aqueduct to Winnipeg. At the power plants end, the two transmission systems are tied together through a 132,000 volt circuit. The Rover Avenue receiving station for Pointe du Bois power and the Scotland Avenue receiving station for Slave Falls power, are also tied together through two 66,000 volt circuits.

Distribution System

Power is distributed from the receiving stations at Rover Avenue, Scotland Avenue, Mill Street, McPhillips Street and Sherbrook Street by underground cables and over-head lines operating at 12,000 volts and 66,000 volts to other substations strategically located throughout the distribution area. As with the transmission system, service continuity requires having these substations interconnected as well as being directly serviced from the receiving stations. Power from the substations is delivered to consumers by a radial system of overhead and underground conductors. The primary distribution voltages are 3 phase 12,000 volts, 3 phase four wire 4,000 volts; the standard service voltages are 120/240 volts single phase and 240 volts 3 wire or 120/208 volts 4 wire three phase and 347/600 volts 4 wire three phase. System frequency is 60 hertz.

The total capital investment, as at December 31st, 1989 was $165,358,100.00 (recorded at original cost).

Surplus funds generated by the utility are transferred to the General Fund of the City to offset the costs of other municipal services. Up to the end of 1989 a total of $157,025,300.00 has been transferred.

General Offices

The offices and headquarters for Winnipeg Hydro's various Branches and Divisions are located as follows:

Business Offices – 1st and 2nd floors,
Mandarin Building, 223 James Avenue
Construction – Operating Building,
1315 Notre Dame Avenue
Credit and Collections – 1st floor, Mandarin
Building, 223 James Avenue
Customers' Accounts – 2nd floor,
Mandarin Building, 223 James Avenue
Customer Services – 2nd floor, Mandarin
Building, 223 James Avenue
Design and Planning – Operating Building,
1315 Notre Dame Avenue

Distribution Engineering – Operating Building, 1315 Notre Dame Avenue
Garage – 1311 Notre Dame Avenue
General Managers Offices – Operating Building, 1315 Notre Dame Avenue & 2nd Floor, Mandarin Building, 223 James Avenue
Generation – Operating Building, 1315 Notre Dame Avenue
Home Service – 2nd floor, Mandarin Building, 223 James Avenue
Meter Branch – Operating Building, 1315 Notre Dame Avenue
Public Relations – 2nd floor, Mandarin Building
Rental and Servicing – Operating Building, 1315 Notre Dame Avenue
Safety – Operating Building, 1315 Notre Dame Avenue
Stores – Operating Building, 1315 Notre Dame Avenue
Street Lighting – Operating Building, 1315 Notre Dame Avenue
Substation Operation and Transmission – 951 Grant Avenue
Substation Maintenance – 30 Rover Avenue
System Operations – Operating Building, 1315 Notre Dame Avenue

Operations Department

The Operations Department is responsible for the delivery of various municipal services. These services include street, sidewalk and alley maintenance, snow removal and ice control, storm sewer and land drainage, refuse collection and disposal,

the maintenance of public works yards and buildings, the maintenance of the water distribution and sewage collection systems, as well as the administration of development agreements related to servicing new subdivisions. The department also supplies and maintains an equipment fleet utilized by many city departments as well as providing primary materials and stores services.

In order to provide these services, the Operations Department is organized into ten branches: Six District Operations branches which are responsible for providing the basic public works services as well as technical, administrative and bylaw enforcement services in six designated geographic locations; the Regional Services Branch which is responsible for the planning, budgeting and initiation of services on the Regional Streets System, the operation of the department's 24 hour emergency response crews, and the provision of specialized engineering and technical services within the department; the Central Administration Branch, which is responsible for the maintenance of departmental records, the Maintenance Management System and the preparation of the annual budget; the Equipment and Material Services Branch, which is responsible for the operation, maintenance and ownership of vehicles and equipment utilized by several major departments as well as providing a central source of public works stores materials and of primary materials such as gravel, sand, stone, concrete and asphalt to city departments; and finally, the Construction Branch which carries out an in-house construction program related to street pavement reconstruction, asphalt resurfacing, sidewalk reconstruction, sewer and watermain renewals and other specialized work.

Streets and Transportation Department

This Department is responsible for all transportation planning of the City, including providing for a unified traffic authority over all streets, for constructing regional streets and all bridges and for installing and operating all traffic control devices. The Streets and Transportation Department is made up of two operating branches – the Streets and Traffic Branch and the Transportation Research and Development Branch.

The Streets and Traffic Branch supervises the design and construction, reconstruction, widening and improvement of the regional street (major streets) system which presently consists of 1,688 lane kilometers. This represents approximately 25% of the total street system but approximately 80% of the vehicle kilometers driven annually in the City occur on the regional street system. This Branch is also responsible for all bridge construction, the maintenance of 195 bridges, underpasses, and major culverts, and develops standards for construction of all streets in the City. The Traffic Operations Section administers all traffic matters, undertakes traffic studies, accident analysis and measures trends in traffic growth; installs and maintains traffic control signs, administers the construction of private approaches to public streets, applies about 1,940 kilometers of lane-line markings annually and maintains 2,529 parking meters. The Traffic Signals Section installs and maintains traffic control signals, illuminated pedestrian corridors, and a number of other lighted traffic devices. In 1990, there were 518 signalized intersections and 117 pedestrian corridors throughout the City.

The Transportation Planning Section of the Transportation Research and Development Branch develops long-range regional transportation plans for the street and public transit systems, and co-ordinates these plans with other departments of the City. The Transportation Development Section of the Branch is responsible for the preparation of the Department's annual capital program, including cost estimates; for reviewing current development applications (for example, subdivisions and rezonings) with respect to transportation considerations; and for the underground structures function, which includes the preparation of composite utility drawings, the co-ordination of utility construction proposals, the provision of information relating to all underground utility facilities, and the central microfilming function for the Works and Operations Department.

Transit Department

Introduction

The Winnipeg Transit System is the City department responsible for the planning, development, marketing and operation of public transportation services in The City of Winnipeg.

Among the transportation services provided by Winnipeg Transit are conventional public bus service, Handi-Transit service for persons who cannot use the regular transit service due to a physical disability, the Forks and D.A.S.H. downtown area shuttle services, and a variety of specialized public transportation services such as routes to Assiniboia Downs, Blue Bomber football games, the Winnipeg Folk Festival, and charter services.

Facts and Figures

Winnipeg Transit operates a fleet of 581 passenger carrying vehicles including 560 diesel buses and 21 Handi-Transit vehicles. In total, these vehicles travel over 27,000,000 kilometers every year. There are 60 bus routes in the City which operate over 600 kilometers of Winnipeg streets and include over 5000 bus stops.

Since 1979, Winnipeg Transit ridership has fluctuated between approximately 50 and 65 million passengers per year with the greatest ridership during this period occurring in 1979 and 1986 when 61.3 million passengers were carried. Generally, annual ridership varies dependent upon a number of factors including weather conditions, automobile prices, fuel prices, population demographics and changing urban development patterns. The greatest number of passengers ever carried by Winnipeg Transit was in 1946, just after the war. At that time, there were very few automobiles and the population of the City was much more concentrated with virtually no suburban sprawl. In 1946, 105 million passengers were carried on Transit street cars and buses.

Organization

Winnipeg Transit employs approximately 1370 people of which 963 are Bus Operators and 200 are involved in maintenance functions. The additional personnel are employed in a variety of functions including Clerical, Treasury, Management and Supervisory positions.

The Transit Department has four main Branches: Operations, Marketing & Development, Treasury and Clerical Support. Within each of these Branches, there are sections responsible for various components of the Transit operation.

The Operations Branch employs approximately 1200 people and has three main sections – Transportation, Maintenance and Instruction. The Transportation section encompasses all of the Bus Operators and Supervisory staff associated with providing on-street service. The Maintenance section is responsible for ensuring that all transit vehicles and facilities such as buildings, transit shelters, etc. are kept in good operating condition. The Instruction section is responsible for training all new bus operators, as well as monitoring the driving performance of present operators.

The Marketing and Development Branch consists of three sections which are responsible for overall planning and service development of the Transit System and provision of information to the public. The Planning section is responsible for the design and development of route patterns and services. The Schedules section is responsible for the development of all route schedules and crew assignments to operate transit services. The Customer Services section is responsible for the provision of service information to passengers, public relations and the general promotion of the Transit System.

The Treasury Branch is responsible for collecting, recording, and depositing all revenues received by the Transit operation such as farebox revenue and monthly pass and ticket sales. The Treasury Branch also provides a similar service for the parking meter revenues of the Streets and Transportation Department.

The Clerical Support Branch provides clerical and administrative support services to the other Branches of the Department.

Buildings

There are three main buildings in the Transit operation. These are the 421 Osborne Street facility and the two satellite garages located at Main and Carruthers and Century Street near St. Matthews Avenue.

The Fort Rouge Transit Base located at 421 Osborne Street is the newest facility having been completed in 1969. It is made up of two buildings, each containing 180,000 square feet of space. The Storage Building contains complete facilities for servicing and automatically cleaning and washing buses daily and storage space for over 450 buses and 75 service vehicles. The second building at Fort Rouge contains complete facilities for the inspection, maintenance, repair and rebuilding of the transit fleet. It also contains a major stores operation and provides accommodation for the Traffic Services component of the Streets and Transportation Department, as well as the Radio Shop of the Communications Branch of the Computer Services Department. The administrative offices of the Transit Department are also located at 421 Osborne Street.

The Main and Carruthers Street garage accommodates the storage of approximately 144 buses and provides for the daily servicing of these vehicles. The St. James garage accommodates approximately 90 vehicles and provides for daily servicing of these vehicles.

Funding

The funding for Public Transit comes primarily from two sources: passengers and government taxes. Passenger fares normally cover approximately 50% of the total cost of operation with the remainder of the funding being shared by City and Provincial governments. At the present time, it costs approximately $50.00 an hour to operate a transit vehicle. This includes wages, fuel, maintenance, depreciation and other costs.

One question often asked is "Should Transit be expected to pay its own way out of fares collected?". The City of Winnipeg considers Transit an essential service similar to fire and police protection, waste collection and other public services. Since Transit is of benefit to all citizens, City Council has adopted the policy that Transit operation should be subsidized through general property taxes.

History

On May 27th, 1882, the Winnipeg Street Railway Company was incorporated with the Company agreeing to have one mile of track laid within 6 months. This deadline was easily met and on October 21st, 1882, the first regular service began. Four horse drawn cars were used to provide service along Main Street. Fares were 10 cents cash, but were reduced to 5 cents during the winter months when sleighs were used. In 1883, the service was extended west on Portage Avenue to Kennedy Street. In 1884, further extensions were made along Kennedy to Broadway, and north on Main Street from the north side of the C.P.R. tracks to St. Johns Avenue.

Ten years later, in 1892, the Winnipeg Electric Street Railway Company was incorporated. City Council passed By-law No. 543 giving the new company an exclusive franchise to operate electric cars in Winnipeg. The population of the City was now 25,000. The rolling stock of the Company consisted of 17 single truck cars, with six open trailers for summer use. Competition between the horse car Winnipeg Street Railway and the Electric Street Railway lasted two years. Fares dropped to 50 tickets for $1.00. Even at 2 cents a ride, in 1883 the Electric Company realized a profit of $2,485.00 and their rolling stock increased to 28 cars. Costs were low in those days. Motormen and Conductors were paid $35.00 a month (sparemen $5.00 less) working 10½ hours a day, six days a week. The top hourly rate was 14 cents.

In 1894, the Winnipeg Electric Street Railway purchased the horse car system for $175,000.00. The last horse car operated on May 11th, 1894. This was a period of rapid expansion of the System. In 1894 there were 28 cars operating over only seven miles of track. Thirty-four years later, in 1928, there were over 300 cars operating over 120 miles of track.

In 1953, the Greater Winnipeg Transit Commission took over the operation of the transit utility following the purchase of the Winnipeg Electric Company by the Province of Manitoba. The assets and powers of the Transit Commission were transferred to the Metropolitan Corporation of Greater Winnipeg on January 1st, 1961.

On January 1st, 1972, the Transit System became the responsibility of the new unified City of Winnipeg and operated as a Branch of the Streets and Transportation Department. On February 6th, 1980, the Transit System became a Department of the Works and Operations Division.

Waterworks, Waste and Disposal Department

This Department is responsible for planning all waterworks, pollution control, land drainage and refuse disposal facilities, and for operating the water and waste disposal systems.

The Department has three Divisions.

The Engineering Division is responsible for the long-term planning, design, and construction of all regional works for pollution control, water, land drainage and solid waste disposal. This includes establishing design standards and standard construction specifications. The Division carries out capital budget programming and construction administration for all capital works. A special Landfill Environmental program, dealing with safety around landfills, is managed by this Division. Specialized technical services are provided to other departments.

The Regional Operations Division is responsible for the operation of the water supply system including the 156 km long aqueduct, four reservoir systems and five pumping stations, the arterial distribution system and the meter reading and water billing functions. Operation and maintenance of the local distribution system is carried out by the Districts under the overall direction of this Department. The Division is also responsible for the operation of the regional sewage collection system, all pumping and treatment facilities including three major sewage treatment plants, all of the flood protection facilities and the system of stormwater retention basins.

The Laboratory Services Division provides analytical services to the Department, to other Departments of the City and administers the industrial waste control program.

History of Water Supply and Pollution Control in Winnipeg Water Supply System

The first water supply system in Winnipeg was installed and operated by the Winnipeg Water Works Company – a private concern which commenced supplying water from the Assiniboine River in 1882.

In 1899, the City purchased the plant of the Water Works Company for the sum of $237,650.00 thus making it a municipally owned and operated utility and from 1900 to 1919 supplied water from wells. The supply from wells was soon found to be inadequate and following a report from consulting engineers, the City commenced construction of a 156 km aqueduct from Shoal Lake.

The aqueduct was put into service on March 29th, 1919.

Pumping facilities and distribution mains have kept pace with the City's growth and currently three automatic pumping stations supply water to a ring main system servicing the whole City. These are:

The W. D. Hurst Pumping Station completed in 1961. The covering of one cell at the Wilkes Reservoir was completed in 1982.

The G. C. MacLean Pumping Station completed in 1964.

The McPhillips Pumping Station completed in 1969. The new, covered, McPhillips Reservoir, 225 million litres capacity, completed in 1976.

Fluoridation of the water supply was commenced on December 28th, 1956.

In 1976, a new 1,884 million litres Deacon Reservoir was completed just east of the City. The second cell of the Deacon complex, with a capacity of 2,225 million litres, was completed and placed in service in June of 1978. The ultimate capacity of 6,810 million litres will delay the necessity of a new aqueduct and provide a large emergency storage for the City.

Construction of the Deacon Booster Pumping Station was completed in 1980. This station is required to pump water from the Deacon Reservoir to the Wilkes Avenue and MacLean distribution reservoirs thus ensuring a sufficient water supply at these stations to meet customer demands.

1986 saw the retirement of the James Avenue high pressure pumping station and the integration of the high pressure piping network with the domestic distribution system.

In 1989, construction of a new fire protection system and chemical feed facility at Shoal Lake was commenced. These works became operational in 1990.

Studies concerning an aqueduct condition assessment, upgrading of the Regional Water Supply Control System, and the long term water supply options for the City were initiated in 1989, and are ongoing. Improvements to the covered Wilkes Reservoir will commence in 1991 and be complete in 1992.

Water Pollution Control System

In 1935, as a result of severe pollution of the City's rivers, a primary treatment plant and interceptor system was commenced. The plant was completed in 1937.

As the City and the surrounding municipalities grew, additions were made to the collection system and the treatment plant culminating in a major enlargement to provide secondary treatment completed in 1965. In 1979, a 5.5 million dollar addition of two enclosed rectangular clarifiers, which will provide primary clarification until the year 2005, was completed. A 60 million dollar expansion completed in 1988 at the North End Water Pollution Control Centre has provided a high purity oxygen reaction process and two new digesters resulting in an expanded secondary treatment peak capacity of 598 million litres per day. A sludge dewatering centrifuge building started operation July 1st, 1990, at a cost of 26 million dollars.

With the City's growth proceeding westerly, a new system of interceptor collection sewers serving that area with treatment by lagoons was completed in 1964 effectively eliminating an outfall of raw sewage to the Assiniboine River. An extended aeration treatment plant, completed in the fall of 1976, has a capacity of 25-29 million litres per day at minimal cost. The lagoons and plant have a design capacity of 41 million litres per day. The lagoons and plant are to be replaced by a new conventional sewage treatment plant at a cost of 30 million dollars. Construction is expected to begin in 1991 and be complete by 1993.

Similar expansion of the City southward and eastward has required another system of interceptors and collection sewers in that direction, leading to a new water pollution control centre of the activated sludge type using pure oxygen. The plant went into operation on September 16th, 1974. With this 45 million litres per day facility on stream, all sewage in the City was receiving a minimum of secondary treatment. Plans have been completed to double the size of the South End Water Pollution Control Centre to handle increasing flows. The construction began in 1989 and is to be completed in 1991 at a cost of 40 million dollars.

Flood Pumping Stations

The Greater Winnipeg Dyking Authority, following the disastrous 1950 flood, constructed a system of primary dykes and flood pumping stations on major sewer outfalls. At the present time there are 35 flood pumping stations varying in capacity from 85 to 7800 litres per second (L/S) and 38 gate chambers in the City of Winnipeg.

During flood conditions when the positive gates in the major trunk sewers are closed preventing backup of flood water through the dyke system, the flood pumping stations discharge runoff from storms over the dykes and into the rivers. The Waterworks, Waste and Disposal Department is responsible for the operation and maintenance of the stations.

CITY OF WINNIPEG
WATER AND SEWER SERVICE
USER CHARGES PER QUARTER

Consumption per Quarter	**Water Rate Per 100 cu. ft.** *Effective Jan. 1/91*	**Sewer Service Rate Per 100 cu. ft.** *Effective Jan. 1/91*
First 9,600 cu. ft.	$1.24	$1.49
9,601 to 96,000 cu. ft.	.96	1.49
Over 96,000 cu. ft.	.66	1.49

Waterworks System Fixed Quarterly Charge based on meter size is as follows:

5/8" ....$	10.71
3/4"	11.54
1"	14.01
1-1/2"	17.31
2"	26.39
3"	93.21
4"	117.96
6"	175.71
8"	241.71

In addition, By-law 549/73 provides for a frontage charge of $0.85 per foot for watermain renewal and $0.10 per foot for sewer renewal to be collected on the tax bills.

Selected Public Works Statistics – January 1, 1990

Water System	**km**	**Miles**
Distribution

Red River	54.25	87.30

THE BUDGET DOLLAR

On March 20th, 1991, the Council of The City of Winnipeg passed By-law No. 5655/91, as amended, to levy a rate upon the assessed value of all the real property liable to taxation in the City to raise the sums required in the year 1991 for ordinary municipal expenditures.

The Lieutenant Governor in Council of the Province of Manitoba made the Portioned Values Regulation, Manitoba Regulation No. 29/90 under The Municipal Assessment Act. C.C.S.M. c M 226 registered February 5th, 1990, to come into force on January 1st, 1990, which prescribes the percentages of assessed value that apply to each class of property as follows:-

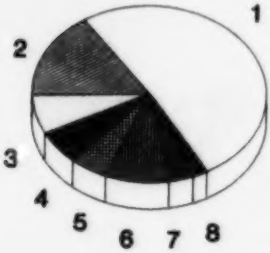
Class	**Portion**
Residential 1	48.6%
Residential 2	73.2%
Residential 3	32.7%
Farm Property	27.1%
Institutional	67.2%
Pipeline	50.0%
Railway	24.5%
Golf Course	7.5%
Other	65.5%

Mill Rate: 32.919 on the dollar upon the total municipal assessment including portioned values of personal property in the City for the year 1991

The following diagrams give an approximate idea of where the budget dollar comes from and how it is spent.

Budget Dollar—Continued

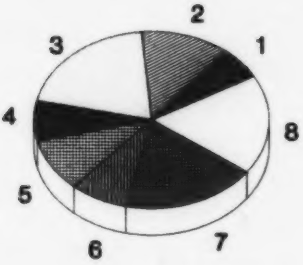
WHERE IT COMES FROM



1. Realty Tax	51%
2. Provincial Government Grants	16%
3. Business Tax	7%
4. Permits, Licenses, Fines, etc.	6%
5. Grants in Lieu of Taxes	5%
6. Interest and Internal Transfers	9%
7. Frontage Levy & Local Improv. Taxes	4%
8. Gas, Electricity & Amusement Tax	2%

Budget Dollar—Continued

HOW IT IS SPENT



1. General Government Departments	6%
2. Operations	12%
3. Fire and Police	20%
4. Health and Social Services	7%
5. Parks and Recreation	10%
6. Other Departments	8%
7. Debt and Finance Charges	19%
8. Corporate	18%

THE WINNIPEG CONVENTION CENTRE

375 York Avenue
Telephone: 956-1720
FAX: 943-0310

The Winnipeg Convention Centre is located in the block bounded by St. Mary and York Avenues, Carlton and Edmonton Streets and was constructed at a cost of approximately $23,000,000.00 and officially opened on January 14th, 1975.

The Centre has over 121,000 square feet of meeting and exhibition space, restaurants, stores, underground parking for 550 cars and can handle 7,200 people for special events on the third floor.

The main exhibition hall (third floor) can be divided into two separate areas of 50,000 and 28,000 square feet, by moving a partition wall. This space is utilized for trade shows, the performing arts, large conventions and dinners. The third floor has an exhibition area of 78,000 square feet (floor space equivalent to 75 average homes), that is pillar free and features a polished concrete floor with floor ports every 30 feet with services for electrical, mechanical, water, compressed air, gas, steam, telephone, sound and drainage. A 30 foot high open ceiling grid will facilitate displays of up to 50 feet. A large loading dock can accommodate seven full size semi-trailers at one time, with separate entrance and exit. A portable sports floor can be provided which allows the Centre to hold spectator sporting events. One of the hall's outstanding features is that it has 2,067 seats on risers, which can be telescoped against the wall when not in use.

The second floor features a shopping concourse comprised of approximately 20,000 square feet of rental space occupied by a variety of interesting shops, restaurants and services, all catering to the needs of the conventioneer. The Garden Terrace Cafeteria on this level is operated by the Winnipeg Convention Centre and access is immediately adjacent to the escalators in the main lobby area. The second floor is connected by enclosed pedestrian skywalks to the Holiday Inn and Lakeview Square. Approximately 12,000 square feet of divisable space is also available on the second floor and 8.1 million square feet of retail space is accessible within a one block area of the Centre.

The ground floor contains 21,600 square feet of meeting room space and includes 19 meeting rooms, 13 of which can be expanded into one enormous room seating 2,500 people, theatre style. The area has added flexibility and divides into 13 separate meeting rooms and private salons (from 600 square feet to 3350 square feet). A portable dance floor transforms the ground floor meeting room into a supper dance/banquet area for up to 1700 people. A full service kitchen and cocktail lounge are also on this floor. A special well appointed V.I.P. salon and five additional meeting rooms (from 430 square feet to 1100 square feet) on the main floor add another 5000 square feet of space ideally suited for small gatherings, dressing rooms or convention office space, etc.

ROYAL WINNIPEG BALLET

John Meehan,
Artistic Director

William Riske,
General Manager

380 Graham Avenue
R3C 4K2
Telephone 956-0183

"One of the major ballet companies of the 20th century . . ." Dance Magazine, April 1982

Canada's Royal Winnipeg Ballet continues its tradition of dance excellence which has earned audience and critical acclaim in more than 499 cities in 39 countries. Through the patterns and paths developed during the Company's 51 years, runs the thread of a unique style – a blend of technical excellence and artistry that has made the Royal Winnipeg Ballet one of the most popular dance companies in the world.

The Royal Winnipeg Ballet is Canada's oldest existing ballet company, founded in 1939 by Gweneth Lloyd and Betty Farrally. The Company received its Royal title in 1953, the very first granted under the reign of Her Majesty Queen Elizabeth II. In 1958, Arnold Spohr became

Artistic Director and under his guidance the Company has grown to take its place among the world's major ballet companies.

The Royal Winnipeg Ballet first began to tour Canada in 1945, and completed its first overseas tour in 1965. Today, the Company spends approximately 26 weeks per year on the road, presenting more than 100 touring performances along with four home performance series in Winnipeg's beautiful Centennial Concert Hall. In addition, the Royal Winnipeg Ballet presents BALLET IN THE PARK each summer on the August long weekend, in the beautiful outdoor setting of Assiniboine Park. The free performances are a summertime tradition in Winnipeg.

The repertoire of the company includes works from many renowned international choreographers. It is an eclectic mix of classical and contemporary ballets, ranging from Canadian Norbert Vesak's sculptural BELONG, (awarded two gold medals for choreography at International Ballet Competitions), to SWAN LAKE staged by Galina Yordanova of Bulgaria and designed by the eminent Peter Farmer.

The Royal Winnipeg Ballet also trains young dancers through its School, under the direction of School Director, David Moroni. The School has three divisions. The General Division (Gordon Wright, Administrator) offers recreational classes in Creative Movement, Ballet, Jazz, Fitness and Musical Theatre for children and adults at the Royal Winnipeg Ballet's new facility in downtown Winnipeg. The Brandon Division offers classes in ballet and jazz for children and adults. The Professional Division is a programme of seven carefully integrated levels, beginning at age ten and forming a training ground for professional dancers throughout Canada. Students are exposed to a variety of dance idioms – ballet, pointe, pas de deux, Spanish, jazz, mime and modern dance. They also gain valuable performance experience dancing with the Company of the Royal Winnipeg Ballet in major productions and with Concert Hour Ballet, a student ballet group that performs for both children and adults throughout Manitoba, Saskatchewan and Northwestern Ontario.

A NEW PLACE TO CALL HOME FOR CANADA'S ROYAL WINNIPEG BALLET

On January 11th, 1988, the Royal Winnipeg Ballet officially opened the doors of its new home in the heart of downtown Winnipeg. The Royal Winnipeg Ballet's new home is a unique facility, the first ballet rehearsal facility in Canada designed and built "from the ground up". It provides a permanent home for the Company and its Schools.

The building boasts ten spacious dance studios, one of which can function as a small performance studio with theatre lighting and seating for approximately 150 people; completely modern administrative, production, wardrobe and box office facilities; student and Company dressing rooms and lounges, a physiotherapy room and many other special features.

The total budget for the project, including land, construction, professional fees, equipment and furnishings was 10.4 million dollars. Funding was received from all three levels of government, for a total of 4.5 million dollars. The remainder was raised by the Ballet's Capital Campaign Committee, chaired by Kathleen Richardson and co-chaired by Sol Kanee, Arthur Mauro and Richard Kroft.

Architects for the building were Stecheson Katz Architects; Project Managers were John A. Flanders Limited and construction was by Bird Construction Company Limited. The RWB Building Committee was chaired by Richard Kroft.

WINNIPEG SYMPHONY ORCHESTRA

Bramwell Tovey, Artistic Director

Centennial Concert Hall
Room 101-555 Main Street,
Winnipeg, Manitoba, R3B 1C3
Telephone: 949-3950

Box Office: 949-3999
Subscriber Services: 949-3970
Max Tapper, Executive Director
Barry McArton, Director of Marketing and Public Relations
Charles D'Amours, Director of Development
John Bacon, Director of Finance

In 1923, when musical pleasure still had to be earned by cranking Victrolas, a few pioneer music lovers attempted to launch a Winnipeg orchestra. They did so again in 1930 and 1932. Music was played, but no orchestra was formed until 1946 when the Winnipeg Civic Music League was organized. The dream of a permanent symphony orchestra became a reality and on February 13th, 1947, the official inception of the Winnipeg Symphony Orchestra took place.

The Orchestra made its debut performance on December 16th, 1948. The concert was co-sponsored by the Winnipeg Musicians' Association and the Canadian Broadcasting Corporation. It was held at the Winnipeg Civic Auditorium. Dr. Walter Kaufmann conducted the WSO's first concert, became the first resident conductor, and remained so for the ensuing nine years.

Walter Kaufmann took care of the growing pains and nurtured the symphony through its formative years. In its first season, the orchestra performed six times. There was no consistent nucleus. Instead, musicians were individually contracted for each concert.

In 1958 the WSO became a solid unit. A number of musicians signed a contract for a period of 24 weeks. They played every concert and were bound by union contract to be available to the WSO for the signed 6 month period. They received a weekly salary until their contract expired, whether or not their services were used. The contracted body of regular musicians changed the essence of the Winnipeg Symphony Orchestra. A concert was no longer an end in itself, but a means to further perfection of sound.

In 1958 the WSO also introduced a new conductor. Victor Feldbrill became the first Canadian appointed to a major orchestra in Canada in over 25 years. Formerly Assistant Conductor of the Toronto Symphony Orchestra, Mr. Feldbrill came to Winnipeg with 20 years of conducting experience, including invitations from the BBC and the World's Fair in Brussels.

In his first season the orchestra performed 36 times to an audience of over 51,000 people. The Women's Committee sponsored 17 concerts performed for 19,000 Winnipeg school children. This annual program continues, with ever-increasing success and support.

On April 14th, 1968 the Winnipeg Symphony Orchestra moved from the Civic Auditorium to its current home, the Manitoba Centennial Concert Hall. In September of that year, Viennese-born George Cleve came from St. Louis to become the Winnipeg Symphony's third conductor and music director. George Cleve brought a power of imagination and zest to the podium, which enhanced and magnified the symphony's heritage of brilliant playing.

At the end of the 1969-70 season, George Cleve left as Music Director. The Orchestra's 23rd season was devoted to choosing a new conductor and music director. The ultimate recipient of the Winnipeg music vote was the distinguished Italian maestro, Piero Gamba.

Mr. Gamba was with the orchestra until October 1980, exploring new artistic heights including a performance at New York's Carnegie Hall.

The 1983/84 season brought Maestro Kazuhiro Koizumi to the WSO podium as Music Director. This internationally acclaimed Japanese conductor was appointed after an 18 month search.

In September, 1988, the WSO announced that Bramwell Tovey, a 35 year old English conductor with substantial experience in both concerts and the theatre would become the WSO's Artistic Director, effective July 1, 1989.

The orchestra is an integral part of the Province's cultural life. Its nucleus of 67 musicians is the musical backbone of other organizations such as the Manitoba Chamber Orchestra. The WSO is the official orchestra of the Manitoba Opera Association and the Royal Winnipeg Ballet.

Regular season performances run from September to May.

- Free admission — Wednesdays

Profile

The Winnipeg Art Gallery is acknowledged as one of the eminent art museums in Canada. Founded in 1912, it was the nation's first civic gallery and remains the foremost gallery in the prairie provinces.

The present building was officially opened in 1971 by H.R.H. the Princess Margaret. Designed by Gustavo da Roza, it is triangular in shape to conform with the site and is constructed of Manitoba Tyndall stone. In addition to eight galleries, the building contains a 320 seat auditorium, a rooftop sculpture court, shops, a restaurant, a library and extensive meeting, studio and lecture space.

The Gallery initiates an extensive exhibition program and hosts national and international travelling exhibitions. Both contemporary and historic art are featured, organized around individual artists, specific themes or artistic styles.

The Winnipeg Art Gallery has an outstanding collection of over 20,000 contemporary and historical works of art – Canadian, American and European, with a selection of these works constantly on display.

The collection includes large holdings of Contemporary Canadian paintings, prints, drawings, and sculpture with a particular focus on Manitoba artists. The Historical Canadian Collection features the art of Manitoba. The Gallery has the largest collection of works on paper by L.L. FitzGerald and a fine collection of the works of nationally renowned artists, H. Eric Bergman and W.J. Philips. The historical Canadian collection also includes good representation from the Group of

Seven, Emily Carr, Cornelius Krieghoff, and George Reid.

An excellent Collection of Contemporary American Prints, including a group of lithographs by Robert Rauschenberg, forms part of the Gallery collection. The Gallery also has significant holdings of European Art, the most exceptional being the Gort Collection of Gothic panel paintings from the 15th and 16th centuries.

Special Collections are important to the Gallery. These include one of the world's largest collections of contemporary Inuit Art. The Inuit holdings include a remarkable collection of sculpture. The Gallery has western Canada's most comprehensive collection of decorative arts with an emphasis on porcelain, silver and glass. Growing in significance is the dynamic and varied photography collection.

Whether it's to view an art show, to attend a jazz concert, to dine in the Restaurant, or to buy a gift from the Gallery Shoppes, the Winnipeg Art Gallery has something for everyone.

For further information, please contact the Public Relations Department at (204) 786-6641, extension 212 or 211.

MANITOBA OPERA ASSOCIATION

Now in its nineteenth season, the Manitoba Opera Association has been presenting fully-professional opera in Winnipeg since 1973. Artistic Director Irving Guttman assembles casts of internationally-known artists, supported by musicians of the Winnipeg Symphony Orchestra, and by the Manitoba Opera Chorus, a dedicated group of amateur local singers. Three productions a season, with three performances of each, are presented at the Centennial Concert Hall; the repertoire ranges from repeats of audience favourites such as LA TRAVIATA to Winnipeg premieres of works such as SALOME and DAUGHTER OF THE REGIMENT.

Manitoba Opera on Tour presents short or abridged operas to school audiences throughout the City.

Bruce Lang, Executive Director, manages the Association in co- operation with a Board of Directors led by President J. F. Reeh Taylor, Q.C. For further information call 942-7479. Tickets available from all BASS Ticketmaster outlets, or call the charge line (985-6800)

MANITOBA THEATRE CENTRE

Steven Schipper, Artistic Director
Zaz Bajon, General Manager,
174 Market Avenue
R3B 0P8
956-1340

Since its founding in 1957 as Canada's first English-speaking regional theatre, the Manitoba Theatre Centre has gained critical acclaim and international recognition in its presentation of over 300 productions at both the Mainstage and the MTC Warehouse Theatre. In addition to the eleven plays produced each season, the theatre presents productions for junior and senior high school students and tours throughout the country.

In 1987, MTC launched its first annual Winnipeg Fringe Festival, which attracted 30,000 people, making it the most successful debut of any such festival in Canada. Attendance increased to 81,000 in the festival's third year. The Winnipeg Fringe Festival takes place during the third week of July.

On November 2nd, 1970, the 2.8 million-dollar, 789-seat Manitoba Theatre Centre officially opened at its present site, 174 Market Avenue.

On January 19th, 1989, the 300-seat MTC Warehouse Theatre was officially re-opened at the corner of Rupert and Lily after undergoing a $900,000.00 renovation.

The Manitoba Theatre Centre season runs from October to May. Tickets for MTC productions at both the Mainstage and MTC Warehouse may be obtained through the MTC Box Office at 942-6537. General information may be obtained by contacting the general office at 956-1340.
